2020 PROSPECTUS

ABOUT THE BRSCC FIESTA JUNIOR CHAMPIONSHIP

The BRSCC Fiesta Junior Championship is a proven junior circuit racing series which has helped young drivers aged 14-17 years old take their first steps into competitive motorsport since 2012. During this time, the Championship has seen many skilled and talented names pass through on their way to great things in their racing careers in its 8 year history.

Graduates from Fiesta Juniors have progressed to compete and succeed in the British Touring Car Championship, British GT, TCR UK, Britcar, Lamborghini Super Trofeo, VW Cup, MINI Challenge and Ginetta GT5 Challenge, as well as the senior level BRSCC Fiesta Championship.

This in turn has seen the Fiesta Junior Championship quickly grow its reputation to become a respected and competitive junior series in its own right, with close racing and the opportunity for multiple race winners and podium finishers on a regular basis throughout the season. The structure also allows both independent and team based drivers an equal chance to succeed in a cost-effective manner.

Heading into its ninth season of competition in 2020, the Fiesta Junior Championship continues to create new racing stars of the future with each passing season, as year on year the next talented crop of young drivers take their place on the grid. Join them today and begin your journey!

THE CAR

All competitors in the BRSCC Fiesta Junior Championship drive the Ford Fiesta Mk6 ST150 (2004-2008), which is prepared in compliance with the respective championship and Motorsport UK regulations.

A typical Fiesta Junior race car can be built from scratch on a budget of approx. £15,000. Alternatively, ready built second hand Fiesta Junior race cars can be bought for anywhere between £8,000-£12,000 (prices can vary).

HOW TO GET STARTED

Many drivers come through from karting, short oval or junior autograss racing before progressing onto circuit racing. All drivers must take their Junior ARDS test, which can be performed at most major circuits around the UK. Prospective drivers can also potentially test with teams to gain early experience behind the wheel. Once you pass your ARDS test and obtain your licence, you then need to purchase the required racing equipment as well as decide whether to compete with a team or as an independent.

SEASON COSTS

A season of racing in the BRSCC Fiesta Junior Championship can cost somewhere in the region of **£15,000 - £25,000**. This figure can end up anywhere in this range depending on whether a driver runs as an independent or with varied levels of team support.

Here is a breakdown of some of the main costs to factor in to your budget for a season in the championship:

Racing attire & helmet: **£600**
BRSCC Junior Racing Membership: **£75**
Championship registration: **£400**
Race entries (8 meetings, 16 races):
Approx. £4,000
Fuel (races & travel): **£650**
Tyres (season): **Approx. £1,600**
Consumables: **£475**

Be sure to contact **Greg McIlwraith** with any questions you may have on running costs for the season (details on back cover).

THE 2020 SEASON

2020 marks the ninth consecutive year of competition for the BRSCC Fiesta Junior Championship and is expected to feature 16 races across 8 events throughout the year at some of the UK's finest circuits. The provisional calendar for 2020 is as follows:

Rounds 9 & 10: **Snetterton 300** - August 8

Rounds 11 & 12: **Silverstone National** - September 13

Rounds 13 & 14: **Pembrey** - October 3/4

Rounds 15 & 16: **Brands Hatch Indy** - October 24/25

All dates remain provisional until each race weekend has been completed. Any and all changes will be communicated by championship personnel and the BRSCC if required.

MEDIA COVERAGE & EXPOSURE

The Fiesta Junior Championship features a fantastic level of media coverage and exposure across a season, with every race weekend typically filmed and edited to produce highlights shown on satellite TV and on Youtube, as well as featuring on live streams.

Alongside this, the dedicated social media channels and press coverage in Autosport, Motorsport News and other publications mean the championship provides a superb platform for young drivers and their sponsors to gain the exposure and promotion they need.

THE COMPLETE DRIVER PROGRAMME

Throughout the 2020 season, the BRSCC Fiesta Junior Championship is set to provide drivers with a series of lectures and lessons at a selection of race weekends across the season. These lessons, collectively dubbed the "Complete Driver Programme", will help our drivers further understand and develop their knowledge in some of the key components of being a racing driver, such as:

- **Car setup, feedback and understanding tyres**
- **PR, sponsorship & media training**
- **Health, fitness and mindset**

Details of sessions at upcoming race weekends will be communicated ahead of time. The concept is to provide as much vital information on these areas to allow our junior drivers to graduate to higher categories with the additional knowledge and skills they need to become a champion!

PADDOCK ATMOSPHERE

One thing that is for certain is that the Fiesta Junior Championship hosts one of the most inviting, friendly, fun and supportive paddocks in junior motorsport. Across all teams and drivers, there exists a real camaraderie and mutual respect. With regular social events in the paddock, this is a championship where drivers make friends for life!
