2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

1 SPORTING REGULATIONS – GENERAL

1.1 Title & Jurisdiction

The 2020 Intelligent Money British GT Championship (“the Championship”) is organised and managed by the British Racing & Sports Car Club (“BRSCC”) and is promoted by SRO Motorsports Group (“SRO”), collectively and separately “the Organisers”, in accordance with the General Regulations of the Motor Sports Association (“Motorsport UK”) incorporating the provisions of the International Sporting Code of the FIA these Championship Regulations and the Team Commercial Agreement.

The Organisers reserve the right to issue championship bulletins amending or clarifying the Regulations in accordance with the Motorsport UK Regulations [D 11.1.3] at any time before or during the championship and further issue additional statements concerning the regulations from time to time, subject to Motorsport UK approval, and all such statements will be issued by championship bulletin to the Motorsport UK and to all registered competitors either by post to the address detailed on the registration form, e-mail, website, fax or delivery by hand. It is the responsibility of registered competitors to notify all members of their Team and ensure that they are fully aware of the Regulations and any subsequent clarifications and/or amendments. It is a condition of entry into the championship that all competitors, teams, team members and persons associated with any of the above agree to be bound by the Regulations including any amendments, variations or statements relating thereto.

Motorsport UK Championship Permit No: **CH2020/R002**

Race Status: **International**

Motorsport UK Championship Grade: **A**

1.2 Officials

1.2.1 **Championship Co-Ordinator** Lauren Granville

1.2.2 **Licensed Eligibility Scrutineer** Jon Crook

1.2.3 **Permanent Championship Race Director** Peter Daly

1.2.4 **Championship Stewards** David Walton
Jamie Champkin
Richard Norbury
Esmor Jones

1.2.5 Championship Stewards

Any three of the Championship Stewards may make a decision.

In the event of any of the Championship Stewards listed above being unavailable or being unable to consider any particular matter due to a perceived conflict of interest, the Organisers reserve the right to appoint an alternative Championship Steward or, if deemed to be necessary, more than one alternative Championship Steward.

(G) 2.7 Championship Stewards may only adjudicate on any disputes, irregularities or appeals arising from the approved Championship regulations.

(G) 2.7.1 Championship Stewards are also empowered to consider any request from the Championship co-ordinator to penalise any Competitor for any breach of Championship regulations after holding a formal hearing to impose a penalty in accordance with C.2.1.1 (subject to the rights of appeal provided for in Section C).

(W) 2.2.1. Championship Stewards may only adjudicate on any disputes, irregularities or appeals arising from the approved Championship regulations. They are also empowered to consider any request from the Championship Co-ordinator or his or her designated representative to penalise any competitor for breach of Championship Regulations and, after holding a formal hearing, to impose a penalty in accordance with C.2.1 subject to the rights of appeal to the Motorsport UK provided in Section C.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

1.3 Competitor Eligibility

- 1.3.1 Entrants must be in possession of a valid Entrant International Restricted Licence and if the entry is not made by a holder of a valid International Entrants Licence, a nominated driver will be considered to be the entrant under Motorsport UK Regulations.
- 1.3.2 All drivers:
- (a) must be graded by the FIA <http://www.fia.com/fia-driver-categorisation>
 - (b) must complete their eligibility form and submit it to the championship organiser. At the start of the season, or before each race, drivers who have not previously been classified must apply to the Championship Coordinator in order to receive a classification. This must be received in good time, late requests needing grading may incur additional weight or time penalty to the entry.
 - (c) be in possession of a current valid International (C) competition licence as a minimum
 - (d) and valid International Medical Record Card. Holders of competition licences issued by ASN's other than the Motorsport UK must produce permission (visa) to compete from their licence-issuing ASN (National Sporting Authority), under Article 3.9.4 of the International Sporting Code.
 - (e) If participation in the Championship requires absence from education a driver, in full time school education is required to have the approval of their head teacher and a letter stating such approval from their school in order to fulfil registration for the Championship. A driver shall not take time out of their education to participate in motor sport without the prior written approval of the education establishment.

- 1.3.3 All Competitors must sign on before taking part in each event and all necessary documentation must be presented at this time for checking.

Entrant: all competitors' entrant licence will be checked during sign-on. Competitors not holding a valid entrant licence will need to inform the Championship Coordinator of the entrant name. The Race Director will only communicate with the entrant in the event of any judicial decision.

- 1.3.4 Competitors must ensure that their cars comply with the conditions of eligibility and safety throughout the entire event.

All competitors cars should be presented to the event Scrutineers at the allotted times.

Any vehicles reported as having been involved in contact incidents during races or practice must be re-presented to the event Scrutineers before continuing in the event

1.4 Registration

- 1.4.1 Any teams wishing to take part in the Championship must register as competitors by returning the Registration and Entry Form and appropriate Fee to the Championship Coordinator by February 28th 2020. Only teams with an Entrants Licence will be allowed to register for the championship.

Teams joining the Championship during the season must enter a minimum of 7 working days prior to the start of the first event they wish to enter, failing which they may incur a £500 admin charge.

- 1.4.2 The Entry Fee must be paid in full to SRO for an amount of:

GT3	£26,500 plus VAT
GT4	£24,500 plus VAT
GTC	£23,000 plus VAT

This will cover the entry for one car in all Championship events for the season.

Race by Race entries will be accepted at the following circuits: Silverstone, Spa, Donington, at the following rates:

GT3; GT4 , GTC and Invitation Category per Event £4500 plus VAT for all rounds

Race by Race entries will work from the paddock unless garages are available

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

Please note: the current rate for VAT is 20% and is subject to any change in the official rate during the season

- 1.4.3 Upon registration permanent competition numbers for the Championship will be issued by the Championship Co-ordinator.

The Championship number panels and decals cannot be modified in anyway.

Specific numbers can be requested and may be accepted at the organisers discretion.

- 1.4.4 No refund will be made should an Entrant/Driver not take part in one or more of the Championship events.
- 1.4.5 The Entrant is responsible for advising the Championship Coordinator in writing at least one week before the event of any changes to their entry. Any pairing changes are subject to approval by the organisers and may result in a weight or time adjustment.
- 1.4.6 Acceptance or rejection of an Entry is entirely at the discretion of the organiser.

1.5. Championship Rounds

- 1.5.1 The 2020 Intelligent Money British GT Championship will be contested over 9 Rounds **for GT3, GT4, GTC and Inv** at the following venues:

Event	Dates	Rounds	Venue	Club
1	April 11 & 13	1&2	Oulton Park	MSVR
2	May 16 – 17	3&4	Snetterton	MSVR
3	June 6 – 7	5	Silverstone	BRSCC
4	June 20 – 21	6	Donington Park	BRSCC
5	July 18 – 19	7	Spa Francorchamps	RACB
6	August 29 – 30	8	Brands Hatch	MSVR
7	September 19 – 20	9	Donington Park	BRSCC

- 1.5.2 Certain rounds may be designated as qualifying rounds for additional awards. These additional awards and the qualifying rounds (if any) will be notified in an official Championship Bulletin.
- 1.5.3 The Championship Organisers reserve the right to amend the format for any round (Qualifying and/or Race Format) and the published list of rounds, in which case an official Championship Bulletin will notify all registered competitors and neither the Championship Organisers, nor the race organisers or promoters shall be liable for any consequential loss or damages. Motorsport UK Regulation [D 11.1.3] applies.

1.6 Scoring

- 1.6.1 Points will be awarded for each race towards the individual class championships, Pro/Am, Am Cup and Silver Cup Classifications as follows:

1 st	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th	9 th	10 th
25	18	15	12	10	8	6	4	2	1

150% points will be awarded for races longer than 1 hour as follows:

1 st	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th	9 th	10 th
37.5	27	22.5	18	15	12	9	6	3	1.5

Race by Race entries will not score points from and including Round 5 (Silverstone 500) unless they have already competed during the season with the same driver pairing (subject to Organiser's approval).

- 1.6.2 Subject to the application of article 1.6.4 points will be awarded to each driver being classified for each race when a final result is published. Only eligible drivers may score points. Cars currently undergoing homologation process

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

will be permitted to race in the GT3 or GT4 category. Drivers of Invitation Class cars will not score points. GT2 cars may be considered in Invitation Class. Points will be awarded for the overall classification in each category and additionally in Pro/Am, Am Cup and Silver Cup Classifications.

1.6.3 Ties will be resolved according to Motorsport UK Regulation [W 1.3.4] in the current Motorsport UK Yearbook

1.6.4 If a race is suspended / abandoned and cannot be resumed:

- no points will be awarded to the drivers if the leader has completed less than two laps
- half points will be awarded to the drivers if the leader has completed two or more than two laps but less than 75% of the original race time and as long as the results include at least one lap which took place outside Safety Car conditions.
- Full points will be awarded if the leader has completed more than 75% of the original race time. The above-mentioned conditions will be based on the number of laps as shown on the published results as the basis for the final classification.

Points will be awarded equally to all drivers, including any who did not comply with the minimum driving time.

The above-mentioned conditions will be based on the number of laps as shown on the published results as the basis for the final classification.

1.6.5 Each car will be driven by two drivers (three driver option is possible during races longer than 2 hours – subject to driver grading and Organiser's approval)

The drivers will be classified in four different categories: A - Platinum, B - Gold, C - Silver and D – Bronze. The Championship Panel reserves the right to make any amendments to the FIA categorisation of any driver according to the criteria of the Intelligent Money British GT Championship. Any such driver will be indicated on the entry list with an asterisk.

The Championship Panel will consist of:

- Benjamin Franassovici
- Lauren Granville
- Paul McErlean
- Jacquie Groom

The Championship Panel will adjudicate this list and any driver who is dissatisfied with their classification may appeal this decision in writing to the Championship Stewards.

The following pairings will not be allowed.

A + A	Not Allowed
A + B	Not Allowed
A + C	Not Allowed
B + B	Not Allowed
B + C	Not Allowed

Category C + C pairings will incur a penalty. Please refer to Section 4 (Championship Penalties).

The Organisers reserve the right to decide if a driver is eligible for the British GT Championship. They may additionally give any driver a weight penalty of up to 40kg for their first Competition, to be re-evaluated before permission is extended for subsequent Competitions. The Organisers reserves the right to re-grade drivers and adjust specific pairings by weight or time adjustment or by other means of adjustment during the season.

At the discretion of the Organisers permission may be given for a driver to be a single driver entry. A time penalty will be imposed as Section 3 (Championship Penalties).

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

Any driver found to have misled the organisers may forfeit all his points up to the time of disclosure. In addition his co-driver and his team will also forfeit all points contributed to by that driver.

1.6.6 If there are less than 3 (three) starters in each class, the points awarded for that class will be divided by two.

1.6.7 Time Penalties will be allocated to drivers finishing in the top three places in GT3 and GT4 in a race. These time penalties will be added to the minimum pit stop duration for that competitor at the next championship round in which that competitor competes

	Where the next race is 1 hour
1 st	10 seconds
2 nd	7 seconds
3 rd	5 seconds
	Where the next race is longer than 1 hour
1 st	20 Seconds
2 nd	15 Seconds
3 rd	10 Seconds

Time penalties will correspond to that allocated to either driver entered in the car, whichever is greater. When a driver moves from one category he does not carry the penalty to the new category but retains the penalty for execution at the next race he partakes in the category that the penalty was received in. The organiser reserves the right to adjust stoppage times.

If race by race entries finish in the top three in GT3 and GT4, the top three Full Season British GT entries will also receive the time penalties to be added to the minimum pit stop duration at the next championship round in which that competitor competes.

1.6.8 If a full season entry changes both drivers, it will have an additional five seconds added to its mandatory pit stop time in the first race after this change.

1.6.9 During the Competition, a driver may not change from one car to another and may only be nominated to drive one car, subject to the organiser approval and weight or time adjustment. A change of driver may only take place before the start of Qualifying, with the consent of the Race Director. After the start of qualifying, any driver changes will only be accepted in cases of force majeure and subject to the approval of the Race Director, who may impose any restrictions, conditions or penalties as they see fit. In particular, should the Pro driver be changed for another driver of higher or similar category, an additional time penalty will be added.

1.7 Awards

1.7.1 Awards are to be provided by SRO.

1.7.2 Per Round

1.7.2.1 A trophy to 1st, 2nd & 3rd in GT3, GT4, GT4 Pro-Am

1.7.3 Championship

1.7.3.1 The title/trophy of British GT Champion will be awarded to:

The driver or pair of drivers who have the most points from the GT3 category.

A trophy will also be presented to the driver or drivers finishing 2nd & 3rd in category.

1.7.3.2 The title/trophy of winner of GT4 category will be awarded to:

The driver or pair of drivers who have the most points from that category.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

A trophy will also be presented to the driver or drivers finishing 2nd & 3rd in **category**.

1.7.3.3 The Team Trophy

The Team Awards will be awarded in GT3 and GT4 to the team scoring the most points in accordance with the following:

- Teams with two cars registered in the same **category** will both score points if eligible toward the Teams title in GT3 and GT4 and will receive a Trophy. Teams with more than two cars registered in the same **category** will score points for the two highest scoring cars only.
- Team Trophy Points awarded will be as per the **category** race points, i.e. 25-18-15-12-10-8-6-4-2-1. The team can only be awarded the points scored if the drivers of the car are eligible; i.e. if the drivers are not eligible to score points, the team will not be awarded points. All rounds to count.

Motorsport UK Regulation [D 7.1.12] applies. Entrant Licence holders only may qualify per team award. Trophies will be consigned to the entrant licence holder or the designated entrant driver.

1.7.4 Presentations

Trophies will be provided for each round (as applicable) and will be presented at the end of each race.

Attendance and participation in the presentation ceremony is mandatory - Failure to do so may lead to a penalty being imposed.

The top three driver pairings in the GT3 and GT4 **categories** should attend the podium within 5 minutes of the race finish. Drivers' overalls must have the official Championship patches and drivers must wear the official Championship caps during the presentation ceremony - Failure to do so may lead to a penalty being imposed.

Representatives of the top three placed Teams as well as the Drivers finishing in the top three positions in each category and class must make themselves available for the end of season prize giving ceremony which will take place at a date and location to be determined. All Competitors shall use their best endeavours to ensure that their drivers attend as aforesaid.

1.7.5 Entertainment Tax Liability

In accordance with current Government Legislation, the Organisers of every round are legally obliged to withhold tax at the current basic rate on all payments to non-UK resident sportsmen/sportswomen. That is, those persons who do not have a normal permanent residence in the UK. The UK does not include the Isle of Man, Channel Isles or Eire.

This means that the organisers of every round are required to deduct tax at the relevant rate, from such payments they may make to non-UK residents.

Under certain circumstances, it may be possible for competitors to enter into an agreement with the Inland Revenue to limit tax withheld. Any application for such an arrangement must be made in writing and not later than 30 days before payment is due.

For further information contact: - The Inland Revenue, Foreign Entertainers centre for Non-residents, Standard John's House, Merton Road, Merseyside. L69 9BB. Tel: 0151 472 6488

1.7.6 Title To All Trophies

In the event of any provisional results being revised after any provisional presentations and such revisions affecting the distribution of any awards the competitors concerned must return such awards to the SRO in the same condition within 7 days, or replace at their cost if lost or damaged.

1.7.7 Bonuses

The organisers/sponsors/promoters reserve the right to provide additional awards for and during the Championship.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

1.8 Advertising

Competitors may put their own advertising decals on the car, subject to compliance with the relevant Motorsport UK Regulations and these Championship Regulations.

Competitors are reminded of the restrictions on tobacco advertising; see Motorsport UK Regulations H28. No display may contain offensive material and any ALCOHOL related advertising on a car MUST BE AUTHORISED IN WRITING by SRO, no later than 7 days before the event.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

2.1 Entries

- 2.1.1 Competitors are responsible for submitting correctly signed and completed entries prior to the closing date for entries before each event.
- 2.1.2 Incorrect or incomplete entries are to be held in abeyance until they are complete and correct. The date of receipt for acceptance of entry purposes shall be the date on which the Meeting Organiser receives the missing or corrected information or fee.
- 2.1.3 Any withdrawal of entry or driver/car changes made after the acceptance of any entry must be notified to the Meeting Organisers in writing (Motorsport UK Regulation [D 25.1.12] applies).
- Changes of this nature will incur an administration charge.
- 2.1.4 The Registration and Entry Form must be lodged with the Championship Coordinator on behalf of the Championship Organisers. This single entry form can cover all rounds/events of the Championship for the 2020 season.
- 2.1.5 Any team wishing to take part in any single event in the Championship must register as competitors by returning the Entry and Registration Form with the entry fee to the Championship Coordinator a minimum of 7 working days prior to the start of the event to be entered.
- A payment made out to SRO for the amount specified in the Championship Regulations must accompany the Entry and Registration Form along with copies of both the Entrants Licence and the Drivers' Race Licences.
- 2.1.6 The Race Organisers will acknowledge all correct and complete Entry and Registration Forms within 8 days of receipt.
- 2.1.7 Competitors will receive for each car registered personnel passes and vehicle passes. A charge will be made for any passes that have to be replaced for any reason.
- 2.1.8 The Entry List must match the title on the Entrant's Licence.
- 2.1.9 At each circuit where a round of the Championship will be held the Motorsport UK track licence will specify the maximum number of cars allowed to start a race ("the race starters number").
- In accordance with Motorsport UK Regulation [Q 4.5.4], the number of cars permitted to practice/qualify can exceed the race starters number by 20% ("the qualifying number").
- If the number of entries for any race exceeds the race starters number, all competitors will be allowed to take part in the race practice/qualifying sessions, subject to the number not exceeding the qualifying number.
- 2.1.10 If a round of the Championship is over-subscribed to the extent that all competitors cannot be accommodated, then the organisers will select the cars accepted to qualify by applying the following priorities:
- A Registered competitors who have entered in the Championship for the full season.
 - B Date of Payment
 - C Registered competitors who have taken part in previous rounds of the Championship in order of the number of rounds contested.
 - D Registered competitors who have scored points in the Championship **category** in order of points scored to date.
 - E Registered competitors competing in the Championship for the first time.
- 2.1.11 Reserves may be nominated according to their **category**, a pro rata criteria will be applied between GT3, GT4, GTC.
- 2.1.12 Reserves who set a time in the correct qualifying session will take precedence, in reserve number order, over any accepted entry whose qualifying times are disallowed, or who does not set a time during the correct qualifying

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020
session for the race.

Version: Published Copy

2.2 Briefings

- 2.2.1 The Organisers should notify competitors of the times and locations for all briefings in either the final instructions and/or bulletins issued for all meetings
- 2.2.2 It is mandatory that all drivers attend briefings at the specified times (Motorsport UK Regulations [H 33.1.3]). A driver non-attendance or late arrival at driver briefings may result in penalties being imposed by the Race Director. Each driver must sign an attendance sheet on arrival at the briefing.

2.3 Qualification, Practice & Testing

- 2.3.1 Should any Practice session be disrupted the Race Director shall not be obliged to resume or re-run the session; the decision of the Race Director shall be final.
- 2.3.2 Each driver should complete a minimum of 2 timed laps (not including Out and In laps) in the qualifying session in the car to be raced and in the correct session in order to qualify for selection and order of precedence. Should any driver fail to meet this criteria, the car may be permitted to start at the discretion of the Race Director after application of the penalty as detailed in Section 4 – Championship Penalties.
- 2.3.3 Free Practice may include a Bronze (Category D driver) only session (see event timetable).
- 2.3.4 Should the need arise to stop practice/qualifying, Red lights will be switched on at the Start Line and at all Signalling Points around the circuit in conjunction with red flags. This is the signal for all drivers to cease driving at racing speed and proceed slowly, without overtaking, and with maximum caution to the pits obeying marshals instructions and being prepared to stop should the track be blocked.
- 2.3.5 Registered entries (cars with drivers) are prohibited from testing at the same relevant venue/circuit from the Monday before the race weekend. Testing is prohibited in any form of vehicle unless permission is granted by the Organisers. A list of pre-approved professional driver coaches will be permitted to coach non-British GT related clients within this ban subject to organisers approval. If this privilege is abused it will be revoked. Bronze drivers are forbidden to test or coach the week before the relevant event.
Registered entries testing within this ban will start from the back of the grid and may be fined up to £5,000. Any doubts, please check with the organisers before going ahead. Official authorised testing sessions may be permitted within this ban and if so will be announced via team bulletins.
- 2.3.6 All drivers must complete a minimum of 3 timed laps in Free Practice unless permission has been obtained from the Race Director.
- 2.3.7 The drivers must, in order to qualify, set a time lower than or equal to 115% of the fastest time in their respective category. Drivers not complying with the above may be able to start at the discretion of the Race Director. The Race Director and/or Stewards of the Meeting shall have the right to exclude any driver whose practice times or racing are considered unsatisfactory.
- 2.3.8 **Qualifying for 1 Hour Races**
Each category will have two qualifying sessions, one for each driver. The first qualifying session will set the grid for the first race and the second qualifying session will set the grid for the second race. No refuelling is allowed between qualifying sessions.

The driver starting the first race must qualify in the first session and the driver starting the second race must qualify in the second session. Only one driver is permitted in each qualifying session. The driver with the highest ranking must start the second race. In the event of both drivers having the same ranking, the most experienced/fastest driver must take part in qualifying session 2 and start race 2. The Team must notify the Championship Co-ordinator which driver will take part in session 1 using the official Qualifying driver nomination form. This will be subject to the approval of the Organisers. If the name of the driver is not handed in within the stipulated time, the Race Director will designate the drivers. The organisers reserve the right to amend the qualifying format via championship bulletin (1.5.3).

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

2.3.9 Qualifying for Races longer than 1 Hour

Each category will have two qualifying sessions, one for each driver. Each driver will qualify in a session with the lowest graded driver taking part in the first session. In the event of both drivers having the same ranking the Team must notify the Championship Co-ordinator which driver will take part in session 1 (usually the most experienced / fastest driver must take part in session 2) using the official Qualifying driver nomination form. This will be subject to the approval of the Organisers. If the name of the driver is not handed in within the stipulated time, the Race Director will designate the drivers. Both drivers must compete 2 timed laps (not including Out and In laps). Fastest lap times from both drivers will be aggregated and will be used to determine the grid order with the lowest aggregate time in pole position.

Lowest ranking driver will start the race (2 hours and 3 hours). In GT3 in the event of both drivers having the same ranking, the driver with the slower time in qualifying will start the race.

In GT4 in the event of both drivers having the same ranking the Team must notify the Championship Co-ordinator which driver will start the Race using the official Race Start driver nomination form.

Should either or both drivers not be able to set a lap time during the qualifying session, the Team may be allowed to start at the back of the grid of their Category at the discretion of the Race Director. The organisers reserve the right to amend the qualifying format via championship bulletin (1.5.3).

Approved 3 driver line ups for the 3 hour race must nominate the lowest ranking driver to take part in the qualifying session. All drivers must at least take part in the Free Practice Sessions.

The Organisers reserve the right to amend the qualifying format via a team bulletin on event or during the season.

2.3.10 After the qualifying sessions, if the number of cars qualified is greater than the maximum number of cars authorised to take part in the race, priority will be given to the competitor as per 2.1.10.

2.3.11 In relation to 2.3.8 and 2.3.9 GTC cars will qualify with GT3.

2.4 Races

2.4.1 Should any race be disrupted the Race Director shall not be obliged to resume or rerun the race (Q 5.4) (1.6.4. above applies).

2.4.2 Each race will have a scheduled race distance specified as a period of time by the race organisers. The race leader will be deemed to have finished the race the first time that the race leader crosses the Finish Line after the time period has elapsed.

2.4.3 In a case where more than one race is scheduled at the same event they may be combined to form an endurance race at the Organisers' discretion.

2.4.4 Where two races are to be run, any competitor whose car has not been classified for whatever reason in the first race, must confirm the participation of the car in the second race at the latest 60 minutes before the start of the race.

2.5 Starts

No tyre trolleys are permitted on the grid unless confirmed by the Race Director by radio. Items such as "air diving bottles" for wheel guns are permitted if on small trolleys. Cars must access the grid with marked tyres unless the race is declared Wet. Changing of tyres on the grid is prohibited unless approved by the Race Director.

2.5.1 Countdown

Unless the Detailed Event Timetable or Bulletin specifies otherwise, the normal countdown procedures/audible warning sequence shall be:

12 minutes to start of pace lap Pit exit open in two minutes audible warning.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

10 minutes to start of pace lap	Pit exit opened audible warning.
7 minutes to start of pace lap	Pit exit closes in two minutes audible warning.
5 minutes to start of pace lap	Pit exit closed audible warning. All cars must have wheels fitted. Teams must have On-Board Camera switched on and recording
3 minutes to start of pace lap	Audible warning and 3-minute board shown at Start Line. Clear the Grid of all non-team personnel and major equipment. Cars must be resting on their wheels on the ground. Any car not resting on wheels on the ground may be given a stop and go penalty
2 minutes to start of pace lap	Audible warning and 2-minute board shown at Start Line. Clear the grid signal/Grid closed. All work on cars must be complete by this time. Any car being worked on after the showing of the 2 minute board may be given a stop and go penalty.
1 minute to start of pace lap	Audible warning and 1 minute board shown at Start Line. Clear the Grid/Start engines.
30 seconds to start of pace lap	Audible warning and 30 second board shown on Start Line.
Green Flag. Start of the pace lap	The pace lap will normally be one lap. Exceptions to this are either when track conditions dictate or the grid formation is not correct for the start.

The organisers reserve the right to modify the above countdown if deemed necessary.

Cars re-entering the pit lane before the start of the race will not be allowed to rejoin the grid and will start the race from the pit lane.

2.5.2 Rolling Starts

2 x 2 line astern Grid formation

- 2.5.2.1 The Organisers official leading car will pull off at the end of the pace lap. The cars will continue on their own with the pole position leading at a minimum speed of 70kph and a maximum of 90kph. A judge of fact may monitor the speed of the car in pole position by radar. Any divergence between the prescribed speeds (70/90kph) before the start is given may result in a stop and go penalty. During the formation lap the red light will be on. No car may overtake another one before the starting signal is given. The Race Director at his discretion may direct that when the starting signal is given no car may overtake another until they have crossed the start line. Competitors will be informed by an Event Bulletin. In the event that the starting lights fail the Starter will revert to using the National Flag.
- 2.5.2.2 Any cars removed from the grid after the 1-minute stage or driven into the pits on the pace lap shall be held in the pit lane. They may start the race after the last car to take the start from the grid has passed the start line or pit lane exit, whichever is the later.
- 2.5.2.3 If one or more cars are removed from the starting grid, these gaps will not be closed up.
- 2.5.2.4 Any drivers unable to maintain grid positions on the pace lap MUST drop to the back of the grid if all of the cars have passed. All other cars must maintain their original grid positions and not close any gaps. A driver can only re-take his place if all the cars have not passed him.
- 2.5.3 **Aborted Start**
If the start is aborted prior to the leading car pulling off, the leading car will not extinguish his roof lights and will continue to lead the field around the circuit for an additional pace lap and a new start will be attempted in accordance with the above.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

If the race start is aborted after the leading car has left the circuit the signal to start will not be given, and the start lights will remain at red. When this signal is given, all cars should exercise extreme caution and return slowly round the circuit maintaining their original grid positions stopping on the grid. The race start countdown procedure will then be repeated from the one-minute countdown point. At the discretion of the Race Director, the race distance may be reduced accordingly.

2.5.4. False Start

If a competitor is judged to have started illegally and thus gained an advantage the Race Director may impose a drive-through penalty.

2.5.5. Stop Go and Drive Through Penalties

2.5.5.1 The driver will be notified as soon as possible by means of a board displayed at the Start Line and the team will be notified where possible via the timing screen monitor or verbally by an official of the meeting.

2.5.5.2 After notification has been given the competitor must not complete more than 3 laps before taking the Penalty. For a Drive Through the driver must enter the Pit Lane, obeying the Pit Lane Speed Limit and drive through the Pit Lane without stopping at their pit and rejoin the race. For a Stop Go the driver must enter the pit lane, stop in the penalty zone for the given time and rejoin the race without stopping at their pit.

However, a driver is not permitted to enter the Pit Lane to take a Drive Through or Stop Go Penalty during a Safety Car Intervention period, which for this purpose is deemed to be over when the car, subject to the Penalty, passes the Green Flag at the Start/Finish Line on the track.

2.5.5.3 Any driver failing to comply fully with this Regulation may be black-flagged. Failure to observe the Pit Lane speed limit whilst taking a Penalty will result in a similar penalty or retrospective time penalty being applied.

2.6 Race - Red Flag

2.6.1 Should it become necessary to suspend the race because the circuit is blocked by an accident or because weather or other conditions make it dangerous to continue, the Race Director will order red flags to be shown at all marshal posts and the red lights to be shown at the Line.

When the signal is given, cars must slow and overtaking is forbidden. The pit exit will be closed and all cars must proceed slowly to the starting grid area where they must stop in single file and will be placed under Parc Fermé conditions.

The safety car will be placed in front of the cars lined up.

While the race is suspended:

- Driving stints will all stop at the time of the red flag and will resume when the race restarts.
- The length of the race suspension will be added to the remaining time for the race, subject to the approval of the Race Director and/ or Stewards of the Meeting.
- Only Officials are allowed on the grid
- The drivers are allowed to get out of their cars, to remove helmets and gloves, but must remain with their cars
- No driver changes are permitted
- The drivers must obey the marshals' instructions at all times

a) For cars on the grid

All interventions on the cars are prohibited on the grid, unless authorisation is given from race control, who may authorise checks on tyres, covering the car in case of rain and the use of a maximum of two fans to cool the brakes. If authorised, this may be carried out by a maximum of two Team members.

b) Any cars which were in the pits before the signal to suspend the race was given are also under Parc Fermé conditions and all work must stop when the red flag signal is given. Once the three-minute board is shown work may resume on these cars. At any point after the three-minute board and before the green flag, any such car may

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

move to the end of the pit lane and after the green flag may join at the back of the line of cars behind the safety car.

c) Any cars which entered the pit lane after the red flag signal was given must proceed to their working area under Parc Fermé conditions. Once the three-minute board is shown for the race to resume, work may commence on these cars. They may move to the end of the pit lane when the race has been resumed, and may join at the end of the first lap after the race has been resumed. This also includes any cars pushed off the grid after the 10-minute board.

Should a red flag be deployed during the mandatory pit window (1 hour races), all cars must return to the pit lane, where they will be under Parc Fermé conditions until the Race Director instructs otherwise. The race will be restarted using the race order at the end of the last full lap before the opening of the pit window, with the second driver behind the wheel. Further instructions will be given by the Race Director. On the instructions of the race director, cars which have not made their pit stop will be released from Parc Fermé only to change tyres and driver. Should it not be possible to resume the race, the final classification will be that of the race order at the end of the last full lap before the opening of the pit window.

2.6.1.1 Case A – Less than two race laps completed by the race leader.

The Race will be null and void. The race will restart from the original grid positions. Competitors unable to take the restart may be replaced by reserves who will start from the back of the grid in reserve order. Gaps on the grid should not be closed up. The length of the restarted race will be determined by the Race Director. Motorsport UK Regulation [Q 5.4.1 applies]

2.6.1.2 Case B – More than two race laps completed by the race leader but less than 75% of the scheduled distance.

Resuming the race:

The delay will be kept as short as possible and as soon as a resumption time is known, Teams will be informed via the timing monitors and Team radio; in all cases at least ten minutes' warning will be given.

Signals will be shown ten minutes, five minutes, three minutes, one minute and thirty seconds before the resumption, and each of these will be accompanied by an audible warning.

The race director, for safety reasons, may decide to authorise a tyre change from slick to wet-weather tyres. If authorised, this must take place between the ten and five-minute boards.

From the 10-minute board, the cars on the grid are no longer under Parc Fermé conditions and Team members may access the grid only to assist the driver, check tyres and brakes, bring and connect an external battery only for the purpose of restarting the engine and, if authorised by the race director, to change the tyres.

A Team may, with permission from the Race Director, remove a car from the grid. In this case, they will be allowed to rejoin the race with the cars according to article 2.6.1 c

When the five-minute signal is shown, all cars must have their wheels fitted. After this signal, wheels may only be removed in the pit lane or on the grid during a further suspension of the race.

A penalty will be imposed on any Competitor whose car did not have all its wheels fully fitted at the five-minute signal.

When the three-minute signal is shown, the cars must be resting on their wheels. A penalty will be imposed on any Competitor whose car was not resting on its wheels or did not have all its wheels tightened at the three-minute signal.

At some point after the three-minute signal, which will depend on the expected lap time, any cars between the control line and the leader will be waved off to complete a further lap, without overtaking, and join the line of cars behind the Safety Car.

For cars in the pit lane, the information in article 2.6.1 b) and c) must be followed.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

When the one-minute signal is shown, engines will be started. All Team personnel must leave the grid by the time the 30-second signal is given, taking all equipment with them. If any driver needs assistance after the 30-second signal, he must indicate this to the marshals and, when the remainder of the cars able to leave the grid have done so, marshals will be instructed to push the car into the pit lane. In this case, marshals with yellow flags will stand beside any car (or cars) concerned to warn drivers behind.

Any driver who is unable to start this lap must indicate this to the marshals. When leaving the grid, all drivers must proceed at a greatly reduced speed until clear of any Team personnel standing beside the track.

Marshals will be instructed to push any car (or cars) remaining on the grid into the pit lane by the shortest route as soon as all cars able to leave the grid have done so. Any driver being pushed from the grid may not attempt to start the car and must follow the instructions of the marshals.

The race will be resumed behind the Safety Car when the green signal is given. The Safety Car will enter the pits after one lap unless all cars are not yet lined up behind it, or the Safety Car may continue until the Race Director decides it is safe to resume the race.

When the green flag signal is given, the Safety Car will leave the grid with all cars following, in the order in which they stopped behind the control line, no more than 5 car lengths apart. Soon after the last car in line behind the Safety Car passes the end of the pit lane, the pit exit light will turn green. Any cars which were in the pit lane before the red flag (article 2.6.1 b) may then enter the track and join the line of cars behind the Safety Car. Cars which entered the pit lane after the red flag (article 2.6.1 c) may move to the end of the pit lane after the race has resumed, and rejoin after the first lap behind the safety car.

Overtaking during this lap is permitted only if a car is delayed when leaving the control line and cars behind cannot avoid passing it without unduly delaying the remainder of the field. In this case, drivers may overtake only to re-establish the order they were in before the race was suspended. During this lap, Section Q Appendix 2 of the Motorsport UK General Regulations will apply.

Any driver who is delayed leaving the control line may not overtake another moving car if he was stationary after the remainder of the cars had crossed the control line and must form up at the back of the line of cars behind the Safety Car. If more than one driver is affected, they must form up at the back of the field in the order in which they left the grid.

A penalty will be imposed on any driver who, in the opinion of the Stewards of the Meeting, unnecessarily overtook another car during the first lap.

If the race cannot be resumed, the final classification will be that of the race order at the end of the penultimate lap before the lap during which the signal to suspend the race was given.

2.6.1.3 Case C - More than 75% of race laps completed

If the leader has completed more than 75% of the race distance or duration it shall not be re-started and the results will be declared in accordance with Motorsport UK Regulation [Q 5.4.3], unless the Race Director, in consultation with the Stewards deem it appropriate to restart the race.

2.7 Pits, Paddock & Pit Lane Safety

2.7.1 Pits

Competitors must ensure that the Motorsport UK, Circuit Management and Organising Club Safety Regulations and final instructions are complied with at all times. Any specified fire lane at the back of the pits between the pit building and the vehicle/truck parked behind, any specified location of fuel drums and/or tyre cupboards specific to an event pits/paddock area must be adhered to. Competitors will be responsible for any persons that enter or leave the pit lane through their garages. Any unauthorized access to the pit lane may result in the team's competitors being penalized by the Race Director.

2.7.2 Pit Lane

The outer lane or lanes are to be kept unobstructed to allow safe passage of cars at all times. The onus shall be on all drivers to take all due care and drive at minimum speeds in the pits.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

2.7.3 Refuelling

See Section 3

2.7.4 Pit Lane Speed Limit will be 50 km/h. Unless specified as 40km/h at certain events as notified in event bulletin.

2.8 Race Finishes

After taking the Chequered Flag drivers are required to progressively and safely slow down and remain behind any competitors ahead of them, return to the Pit Lane entrance/Parc Ferme as instructed, comply with any directions given by marshals or officials and keep their helmets on and harnesses done up while on the circuit and in pit lane.

2.9 Results

2.9.1 All Practice Timesheets, Grids, Race Results are deemed provisional until all sporting matters and technical scrutineering are completed.

Until the final classification is published, all Teams must have one nominated person available to be summoned to the Race Director or Stewards to represent the competitor and to sign for any decisions. The Team Messaging application must be monitored until the final classification is issued.

Should the person designated as Team Manager for the Event not be available until results are final, the Team should nominate one more or more additional personnel who are able to represent and sign for the competitor. This person or people must be listed on the Sign On Sheet that will be available at the Driver Briefing. Any changes or additional personnel after this point must be notified to the Secretary of the Meeting.

2.9.2 In order to be classified in the results, competitors must have completed 70% of the race distance (laps) covered by the category winner.

2.10 Timing Modules

2.10.1 All competitors will be required to purchase and fit an Electronic Self Identification Modules to their cars for the purposes of accurate timing (These modules must be compatible with the timing systems used for the championship). Holders for these and detailed fitting instructions will be issued with the transponders and it will be the responsibility of the competitor to fit these in the car in the position and manner specified. The Modules must be in place and functioning correctly for all Championship qualifying practice sessions and races. The setting and servicing of these items must only be carried out by properly authorised Motorsport UK licensed Timekeepers. Competitors will be charged by the timing company for replacement of the Modules due to misuse or loss at any time during the season.

2.10.2 A driver Identifying Transponder (MyLaps Direct Power Transponder with Driver ID5) will be required. It is the competitor's responsibility to ensure that these are used correctly and that the driver in the car is shown correctly on the timing screens for every session during the weekend.

2.10.3 Competitors may not place electronic timing equipment within five metres of the official Start and/or Finish Line or any other official timing lines at any event or test session/day. Any such equipment placed within these zones will be removed.

2.11 Qualification Races

Not applicable.

2.12 Operation Of Safety Car/Neutralisation of a Race

The safety car will be brought into operation and run in accordance with Section Q, Appendix 2 of the Motorsport UK General Regulations. Where appropriate the Race Director may call cars past the race leader and the safety car to re address positions.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

2.13 Onboard Cameras

It is mandatory for all cars to have an on-board camera or Vbox system fitted and functioning during every session. It is the teams responsibility to supply and fit the recording system. It is the teams responsibility to ensure the recording system is switched on and recording 5 minutes before every session that the battery has been charged sufficiently to record the entire session and that there is sufficient memory on the card inserted to record the entire session. A clear forward facing visual is required, the angle and quality of footage will be inspected at Round 1, and randomly tested at all events. The visual must be correctly date and time stamped.

It is the team's responsibility to have a USB or memory card per car, labelled with the relevant car number and that has the capacity to hold the session footage. It is mandatory for teams to download the footage immediately after every session and deliver the footage to the designated location by the specified time after the session. Should the car be under Parc Ferme conditions you may collect the footage with the express consent of the Race Director. Access to cars that are being checked after a session in Parc Ferme needs to be agreed expressly by the Eligibility Scrutineer. The images remain the property of the Organiser.

Any party/team that fails to comply will be sent to the Race Director and may result in a penalty during the event.

All teams must complete and sign the on board camera form and have the location, installation and fixing approved by the Scrutineers

Obligation for Television:

All cars must be ready to be fitted with a television onboard camera when so requested. For this, Teams will need to provide a 12V @ 5Amps with a stable supply of power on a Superseal 2-way plug part number: 282080-1, connector manufacturer: TE Connectivity. This will need to be provided in the passenger foot well with the following pin out:

Pin 1 +12V

Pin 2 Gnd

Teams will need to provide a 10mm hole in the roof of the car (or other suitable location – determined by TV). The position of this is to be agreed with the TV technicians for the camera transmitter.

SRO shall own the entire copyright and all other rights, titles and interests, including all other intellectual property rights to and in connection with any footage taken on any On-Board Camera. Competitors and/or teams may only use, distribute, share, upload or download any footage taken on an On-Board Camera or recording system with the prior written consent from the Organisers.

On-Board Camera procedures may be amended throughout the season by Championship Bulletin.

2.14 Race Control Radio and Messaging System

All teams must be connected and are required to monitor the British GT Team Messaging System at all times during the Event. Messaging System protocols will be distributed before the first Round.

Any decision or communication concerning a particular competitor must be given to the team as soon as possible and receipt must be acknowledged. The British GT Messaging system may be used to send summons and documents and for teams to confirm receipt.

All teams must have their mandatory race control radio (rented from SRO) turned on to the announced Race Control channel, which will be used for communication from the Race Director to the teams. A radio check will take place at the start of each day and teams must reply using the British GT Messaging system. Teams must be listening to the radio from 15 minutes before the start of each session to the end of the session or the opening of parc fermé for qualifying and races.

2.15 Teams Pit Area Camera

It is mandatory for all teams to have a Pit Area camera fitted and functioning during every session. It is the teams responsibility to supply and fit the camera. The camera must be placed in a position to view and record the full allocated pit area/working zone from the white line onwards and a minimum of two metre in each direction of the

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

car. The angle and quality of footage may be inspected at each round.

It is the teams responsibility to ensure the camera is switched on and recording 5 minutes before every session, that the battery has been charged sufficiently to record the entire session and that there is sufficient memory on the card inserted to record the entire session.

Should the Race Director require your pit area footage you will be notified via the App where to deliver your footage. The images remain the property of the Organiser.

Any party/team that fails to comply will be sent to the Race Director and may result in a penalty during the event.

SRO shall own the entire copyright and all other rights, titles and interests, including all other intellectual property rights to and in connection with any footage taken on any Pit **Area** Camera.

Competitors and/or teams may only use, distribute, share, upload or download any footage taken on a Pit **Area** camera with the prior written consent from the Organisers.

2.16 Driver Timed Exit Practice

Exercises timing the driver exiting the car may take place before the competition starts. Selected teams will be notified by the Race Director and must make their car available at the stated time.

2.17 Replacement of major parts

During the Event, it is forbidden to replace the following parts: engine block, the chassis or the monocoque structure. A penalty will be applied if they are found to be, this could include disqualification: Any replacement of major parts will need to be approved by the Eligibility Scrutineer – pre event or during the event. All entries chassis numbers and engine numbers will be recorded at Round 1 (or any new entries first round.) Any changes to these recorded numbers must be declared 30 minutes before Free Practice 1.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

3 SPECIFIC CHAMPIONSHIP REGULATIONS

3.1 Pit Stops/Driver Changes/Refuelling

3.1.1 Pit Stops

3.1.1.1 The organisers will specify the area in the Pitlane which will be referred to as the “Working Pit Lane” at each event by issuing an Event Bulletin.

3.1.1.2 All Team personnel in the Working Pit Lane must wear flame-resistant overalls and helmet as a minimum, however it is highly recommended for all team personnel required in the working pit lane to wear long underwear including balaclava, gloves, socks and flame resistant shoes while working in the pit lane with eye protection in the form of visors or safety glasses.

The following armbands will be issued per entered car for use during pit stops:

- i) 1 White armband for car controller
- ii) 4 Red armbands for car mechanics
- iii) 4 Orange armbands for pit wall
- iv) Yellow armbands for industry personnel
- v) A maximum of two armbands may be worn at any one time and worn on the arm. Penalties may be awarded by the Race Director.

3.1.1.3 No more than 4 people per car excluding the driver will be allowed on the pit wall at any one time.

3.1.1.4 Pit stops and driver changes will take place in front of each teams allocated pit garage or working pit area (“the pit box”). The working area for each team will be in front of its pit garage(s) or allocated working pit lane space where garages aren’t available and will be the only working area for all of its cars. Cars may only leave the fast lane to move into the working lane a maximum of three pit garages / working areas before their own working area. The limits of the area allotted to each team will be indicated or marked on the ground by the Pit Lane Official in consultation with the Race Director. No team may exceed the marked limits with their equipment.

3.1.1.5 Only the car controller is allowed in the working pit lane a maximum of one lap before the pit stop of the car.

3.1.1.6 No equipment must be in the working pit lane before the car has stopped in the allocated working pit area. Only once the car is stopped can Team members/Driver step over the line, not before. Tyres to stay behind the line until the car is stationary. If refuelling first, all refuelling equipment must be cleared away before the tyres are brought over the line. Filler and vent man to stay behind the line until the car has stopped. No laying of tyres etc during refuelling.

3.1.1.7 The engine must be stopped immediately, unless the driver is in the car with the belts done up.

3.1.1.8 While the car is in the pit lane the engine must NOT be running unless all four wheels are on the ground.

3.1.1.9 During any pit stop (driver change or other), with the exception of the car controller and the exiting driver, who is permitted to assist the driver replacing him, the maximum number of mechanics authorised to work on the car or assist drivers in any way is limited to four. Other than as detailed above, all persons in the pit lane will be deemed to be working on the car.

3.1.1.10 Only two wheel removal tools in the working area at any one time.

3.1.1.11 The car cannot leave the pit until the mechanics all the equipment and components, are no longer in the working area, unless otherwise specified in an event bulletin.

3.1.1.12 The speed limit in the pit lane is 50 km/h. Unless specified as 40km/h at certain events as notified in event bulletin.

3.1.1.13 Parking rules as below or as specified in an event bulletin will apply.

For all sessions and races, when the car makes a pit stop in the working lane for refuelling (if authorised), tyre and

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

driver change, it must be parked parallel to the pit lane. If the car is stopped in the pit lane for any length of time, it must be parked at an angle of 45 degrees to the pit lane, with the rear of the car to the garage and nose facing towards the pit exit. At all times, cars must be pushed in front of the pit/garage and the engine must be restarted by the driver alone, and the car must leave the working area with no external assistance.

Penalties may be imposed for failing to adhere to any of the above.

3.1.1.14 Use of skates is permitted.

3.1.1.15 Penalties may be imposed for an unsafe release during any session

3.1.1.16 Individual GT4 Teams may receive an additional pit stop time adjustment at the discretion of the organisers

3.1.2 Races of One Hour Duration or Less

3.1.2.1 During the race a mandatory driver change must take place under the responsibility of the Car Controller. It will, however, be of a controlled duration (Mandatory Pit Stop Time). Before the start of the meeting all competitors will be notified of the Mandatory Pit Stop Time by Bulletin.

3.1.2.2 GT3: the pit stop must be carried out by passing the pit lane entry timing loop between the 22nd and 32nd minutes from the start of the race (not before 22m.00s.000 and not after 31m.59s.999)

GT4: the pit stop must be carried out by passing the pit lane entry timing loop between the 28th and 38th minutes from the start of the race (not before 28m.00s.000 and not after 37m.59s.999)

Timing for the pit stop begins when the car triggers the timing loop at the pit lane entry. The stop is considered to be complete when the car triggers the timing loop at the pit lane exit.

3.1.2.3 If a driver does not make their obligatory pit stop for the driver change within the mandatory pit stop window, the team will have to perform a Stop and Go Penalty. (Refer to Section 4 - Championship Penalties)
If it is impossible for this stop and go to take place during the race, a time penalty will be added to the car's race time.

3.1.3 Two Hour Format Race

3.1.3.1 Only 2 drivers are permitted in 2 Hour races

3.1.3.2 Any stops involving driver change or refuelling or driver change and refuelling are subject to the Mandatory Pit Stop Time with the time penalties added from the previous race (penalty served once).

3.1.3.3 The number of driver changes are free except that there will be a minimum total drive time of the starting driver of either 58 minutes or 62 minutes depending on category (GT3 or GT4.) An event bulletin will confirm each category's minimum drive time of start driver. This may be alternated at every 2 hour race event throughout the season. Drive time begins when the race countdown clock is started, until the car triggers the timing loop at the pit lane entry. The following stint begins when the car triggers the timing loop at the pit lane exit with a different driver on board and ends when the car triggers the timing loop at the pit lane entry or when the car crosses the finish line at the end of the minimum race period.

3.1.4 Three Hour Format Race

3.1.4.1 Any stops involving driver change (two or three driver crews) or refuelling or driver change and refuelling are subject to the Mandatory Pit Stop Time.

3.1.4.2 During the race the car must make a minimum of three pit stops each of which include a driver change.

3.1.4.3 Time penalties added from the previous race will be enforced at the last mandatory pit stop only

3.1.4.4 For 2 driver entries the number of driver changes are free except that the maximum drive time per driver is 100 minutes. Drive time begins when the race countdown clock is started, until the car triggers the timing loop at the pit lane entry. The following stint begins when the car triggers the timing loop at the pit lane exit with a different driver on board and ends when the car triggers the timing loop at the pit lane entry or when the car crosses the

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

finish line at the end of the minimum race period. Three Hour Format for 2 driver entries subject to amendment via championship bulletin.

- 3.1.4.5 For 3 driver entries the maximum total drive time per driver is 100 minutes. The minimum drive time is 40 minutes. Drive time begins when the race countdown clock is started, until the car triggers the timing loop at the pit lane entry. The following stint begins when the car triggers the timing loop at the pit lane exit with a different driver on board and ends when the car triggers the timing loop at the pit lane entry or when the car crosses the finish line at the showing of the chequered flag. After qualifying the co-ordinator must be advised of the name of the driver doing two stints who must be one of the lowest graded driver(s). 3 driver crews must be proposed in advance and approved by the organisers (typically Bronze crews). Three Hour Format for 3 driver entries subject to amendment via championship bulletin.

3.1.5 Refuelling

- 3.1.5.1 Refuelling is only permitted during Warm Up and races in excess of one hour duration. For the avoidance of doubt, refuelling is not permitted during qualifying or Free Practice unless authorized by Race Control.

- 3.1.5.2 Refuelling may only be carried out in accordance with Motorsport UK Regulation [Q 13], Circuit Management Regulations or Final Instructions issued for each event. The organisers reserve the right to amend the refuelling procedure via championship bulletin before the first refuelling race.

- 3.1.5.3 Refuelling is only allowed in front of each team's allocated pit garage or working pit area. Two car teams will be limited to a single refuelling rig, unless approved by the organisers (for example different models of car).

- 3.1.5.4 Refuelling must be carried out using equipment complying with Motorsport UK regulation [Q 13.1.2] and passed by event scrutineers. It is the responsibility of the team to assemble and test the equipment for correct and leak free operation before the notified time for inspection which will be noted on the Team Timetable. Refueling of the rig must be carried out with equipment as specified in Motorsport UK Q13.1.2

- 3.1.5.5 Refuelling may only be carried out either at the beginning or at the end of a pit stop. During refuelling, the only personnel permitted in the Working Pit Lane are:

- The Car Controller
- The Refueller (nozzle man)
- The Vent Man if applicable (see 3.1.5.12)
- The Fire Fighter (who must have unimpeded access to the car at all times during your pit stop)
- The person manning the cut-off valve

Once the refueller (nozzle man) has left the Working Pit Lane area, work may begin on the car.

- 3.1.5.6 The clothing worn by pit crew designated as refuellers and fire fighter must comply with Motorsport UK regulation [Q 13.1.2]. In addition to the mandated flame-resistant overalls and helmet for all Team personnel in the Working Pit Lane, during the refuelling process, these persons must wear eye protection in the form of visors or safety glasses, long underwear including balaclava, gloves, socks and flame-resistant shoes. All clothing must be worn correctly.

Appropriate extinguishers/equipment is required for the fuels being used. The organisers have the right to refuse any equipment deemed to be below a reasonable standard.

- 3.1.5.7 A self-closing 90° cut-off valve, situated at the outlet of the supply tank and controlling the fuel flow, must be manned at all times during refuelling. This person's clothing must comply with 3.1.5.6.
- 3.1.5.8 Before and during any refuelling operation, the car must be electrically earthed by means of an independent copper wire whose only purpose is to earth the car. This must be placed by the fire fighter or mechanic which may be the mechanic tasked with helping the driver. Once the refuelling is finished the earthing wire must be removed by one of the people authorised to work on the car.
- 3.1.5.9 While refuelling is being carried out, the car must remain on its wheels and no other work can be done on the car.
- 3.1.5.10 When refuelling couplings are attached to the car, the engine must be stopped, it's doors must be closed and no

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020
person can be inside it.

Version: Published Copy

3.1.5.11 Throughout refuelling it is mandatory for one team member, (the fire fighter) with an identified Team extinguisher (minimum capacity, 5 kg) ready to work, to be beside the car. An additional person for the purpose of refuelling may be used. They will also be considered to be a refueller for the definition of the clothing to be worn. Team extinguishers will be identified and checked at round 1 and spot checked at any round.

3.1.5.12 All fuel stocked in the pits must be in leak-proof containers which have been tested to a pressure of three atmospheres.

3.2 Incidents & Re-Scrutiny

3.2.1 Any Driver, who abandons a car on the circuit, must leave it in neutral or with the clutch disengaged and with the steering wheel in place. Failure to comply may result in a penalty from the Race Director.

3.2.2 Any vehicle involved in an accident or having been modified in any way subsequent to pre-event scrutiny, must be re-presented to the Scrutineers for further examination.

3.2.3 At any time during an event, the Race Director or the Scrutineers may order that a vehicle be re-examined, even if this involves stopping a vehicle whilst practising or competing in a race.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

4 CHAMPIONSHIP PENALTIES

The following infringements will incur penalties as described below: (Ref to Motorsport UK Regulation [Q 13]).

Infringement		Penalty
i)	False Start	Datum penalty - Drive Through. Maximum penalty variable stop and go.
ii)	Car not resting on its wheels after 3 minute warning. Working on car After 2 Minute Warning	10 Second Stop and Go
iii)	A pit stop less than the mandatory time	Datum penalty - stop and go equal to the time short.
iv)	Pit stop made outside the mandatory pit stop window	The maximum penalty will be a stop and go penalty equal to the time that the pit stop was made outside the mandatory pit stop window. If the penalty is not taken during the race, up to 2 minutes might be added to the race time. Motorsport UK Regulation [Q 12.6] Stop-Go Penalty applies.
v)	Engine running on Jacks	Datum penalty - 10 seconds stop and go
vi)	Too many mechanics working on the car	Datum penalty - 10 seconds stop and go
vii)	Exceeding Pit Lane Speed Limit	
	- During free practice	£25 per km exceeded
	- During qualifying	£25 per km exceeded
	- During the race	During the race: 1 second and £25 <u>per km exceeded</u> stop and go
viii)	'A' category driver, driving solo	Datum penalty – A minimum 50 seconds added to the mandatory pit stop time.
ix)	'B' category driver, driving solo	Datum penalty – A minimum 40 seconds added to the mandatory pit stop time.
x)	'C' category driver, driving solo	Datum penalty – A minimum 30 seconds added to the mandatory pit stop time.
xi)	'D' category driver, driving solo	Datum penalty – A minimum 20 seconds added to the mandatory pit stop time.
xii)	C' category driver, driving together with 'C' category driver. Silver Cup Classification	Will carry an adjustment defined by the Championship Panel to balance Silver Cup cars to race at equal pace to Pro/Am cars. Alternative weight penalty or time penalty may be imposed to specific entries or any other means of adjustment.
xiii)	More than 4 people on the pit wall	Datum Penalty – 10 seconds stop and go
xiv)	None attendance/participation at trophy presentation	Datum penalty - £250.00
xv)	Driver(s) failing to complete 2 timed laps during qualifying	Drop of up to 10 grid positions
xvi)	Official decals or patches not in the correct location during race weekends	Fine for the driver and team and/or drop in grid spot for the following event

For all other irregularities, sanctions are left to the discretion of the officials.

The above table is a guideline for first time infringements at any given event. Repetition of infringements by Entrants and/or individuals may be dealt with more severely.

Penalties may be revised via Championship bulletins.

Weight is subject to a reasonable maximum total ballast weight. Alternative penalties can be applied e.g. ride height etc.

Issued by the BRSCC: 19th March 2020

Version: Published Copy

4.1 Sporting Disputes

Disputes on the Sporting Regulations and/or their application by the Championship Coordinator that arise during the season will be settled by the Championship Stewards in accordance with Motorsport UK Regulations, these Championship Regulations and any Official Championship Bulletins that have been issued. The case for any dispute must initially be submitted to the Championship Coordinator in writing together with the appropriate Motorsport UK prescribed protest or appeal fee. The Championship Stewards' judgement will be subject only to a right of Appeal to the Motorsport UK. An appeal against any decision of the Championship Coordinator must be submitted in writing to the Championship Stewards within 7 days of the date of dispatch of such a decision and accompanied by the Motorsport UK prescribed appeal fee.

4.1.2 Any clarifications necessary during the year will be notified in writing to all registered competitors in an Official Championship Bulletin.

4.1.3 The Championship organiser reserves the right to impose further penalties on teams/competitors proven by the Officials of any meeting to have behaved on or off the track, in a manner considered likely to bring the Championship into disrepute. Penalties may include individual race bans, loss of Prize/Bonus/**Tyre Allocation** /Refund monies and /or end of season awards. In the case of repeated offences the Organisers reserve the right to exclude any team/competitor for a fixed number of races or the whole Championship. In such cases no other competitor's scores shall be adjusted.

Any driver found to have misled the organisers in any way in registering and entering this championship may forfeit all his points up to the time of any disclosure. In addition his co-driver and his team will also forfeit all points contributed to by that driver.

4.1.4 If it appears from the official video recordings or from any other additional evidence that there may have been a breach of driving standards or behaviour, on or off the track, in a manner the Championship Coordinator considers to have brought the Championship into disrepute, he may request that the Championship Stewards consider to investigate this matter furthermore.

4.2 Infringements of Technical Regulations

4.2.1 Arising from post practice Scrutineering or Judicial Action
Minimum Penalty: The provisions of Motorsport UK Regulation [C3.3].

4.2.2 **Arising from post race Scrutineering or Judicial Action**
Minimum Penalty: The provisions of Motorsport UK Regulations [C 3.5.1 (a) & (b)].

For infringements deemed to be of a more serious nature the Race Director and/or the Stewards of the Meeting are to invoke the provisions of Regulations [C 3.5.1 (c)].

4.3 Infringements of Non-Technical Motorsport UK Regulations and The Sporting Regulations issued for the Championship

4.3.1 As per current Motorsport UK Judicial Procedure Regulations.

4.3.2 In order to maintain standards of conduct, the Championship Coordinator will monitor all Officials/Observers reports of adverse behaviour at race meetings. If any individual is included on two such reports during one racing season he/she will receive written warning from the Championship Coordinator that their driving/behaviour is to be specifically observed at future race meetings. Any adverse reports during this period of observation could result in a Championship Stewards' enquiry, with possible loss of Championship points and refusal of further race entries.

4.3.3 For offences under Motorsport UK Regulations [C1.1.5], [C1.1.6], [Q14.4.2] and [Q14.5], the Race Director, at his discretion, may additionally impose a Championship Penalty in the form of the following:

- (i) For an offence in qualifying; a grid penalty of up to ten places
- (ii) For an offence in a race; a time penalty of up to one minute, drive through or stop/go penalty, a grid penalty/pitstop time penalty at the next championship race the offending driver competes, or any combination of the above

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

(iii) For an offence in a race where the offending driver is not classified; a grid position penalty/pitstop time penalty in the next championship race the offending driver competes in

(iv) The Race Director can amend or add to the Championship Penalties

For a driver who has already received a penalty during the course of a season, any subsequent penalty WILL have a championship penalty applied. Where a championship penalty has previously been applied, the severity will be increased

5. TECHNICAL REGULATIONS

5.1 Introduction

The following Technical Regulations are set out in accordance with the Motorsport UK specified format and it should be clearly understood that if the following texts do not clearly specify that you can do it you should work on the principle that you cannot.

The 2020 Intelligent Money British GT Championship is open to FIA Homologated GT3 cars and cars with national homologation (subject to Motorsport UK agreement in each case) cars that comply with the GT4 Regulations, GTC cars and cars which are accepted by the championship organisers for registration in an Invitation class. All cars must comply with the Technical Regulations published below.

Hereafter, any reference to GT4 regulations within these regulations refers to the latest SRO GT4 technical regulations.

5.2 General Description

5.2.1 GT3. These cars will normally run to the FIA International Sporting Code Appendix J Art. 257A (forthwith referred to as the current FIA GT3 technical regulations), and GT3 cars with national homologation by other ASN's, subject to Motorsport UK agreement in each case and their respective technical forms.

The latest evolutions are not compulsory.

GT3 cars fitted with an endurance kit homologated by the FIA may be accepted in the sprint events, on condition that they are in compliance with the BOP. The full VO extension kit must be used.

GT3 cars fitted with adaptations solely for the purpose of allowing their use by handicapped drivers may be authorised subject to approval by the Championship Organisers and the Championship Eligibility Scrutineer.

GT3 cars that can no longer get replacements parts or safety enhancements from the manufacturer or require reliability modifications or weight reduction will be permitted to compete in the GT3 category, subject to written approval by the organisers.

GT4 cars will normally run to the GT4 regulations. Any GT4 car entered by a competitor must conform strictly to its Technical Form as well as to any additional notification from the SRO GT4 Bureau. It will be up to the competitor to obtain the Technical Form concerning his car from the SRO GT4 Bureau. All cars approved by SRO Motorsports Group will be the subject of a descriptive form called Technical Form on which shall be entered all data enabling identification of the said model.

GTC cars are required to comply with the technical regulations as listed together with an individual technical specification approved by the organisers prior to the first event entered.

5.2.2 British GT equalisation measure

The Championship organiser's reserve the right to impose equalisation measures, in line with or varying from those imposed by the equalisation bureau.

The SRO Technical Board reserves the right to adjust the Balance of Performance until 120 minutes before the start of the Race. The SRO Technical Board will distribute the various circuits used by the Championship into at least four groups, each with a specific Balance of Performance.

- A : High speed lower downforce
- B : High speed medium downforce
- C: Mid speed higher downforce
- D: Low speed medium downforce

Restrictors must adhere to the FIA restrictor geometry definition and must be in accordance with those deposited with the FIA.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

GTC

At all events the car & driver will be required to comply with a maximum power to weight ratio of 0.34HP/kg when measured at the driving wheels with the same tyres used as at the end of the event. The Organisers reserve the right to adjust that power to weight ratio. The Organisers reserve the right to use additional methods to limit or adjust performance.

This power figure may be checked by a nominated technician or eligibility scrutineer at the organiser's approved rolling road test facility. A tolerance of plus 5% will be allowed above the base figure to allow for any variation in the calibration of the test facility, atmospheric conditions within the test area or the operation of the test.

There will be NO exceptions above the tolerance of 5%. Competitors who present cars that exceed the base figure may be excluded from future events at the discretion of the organisers. The power to weight ratio may be amended by the organisers at their absolute discretion.

Prior to acceptance into the GTC category, the entrant must define the actual source of independent information to confirm the eligibility of standard manufacturers' parts. This source of information must be approved by the organisers.

5.2.3 Invitation Class

This class will be for cars, selected by the organisers, which for any reason do not comply with the regulations for either GT3, GT4 or GTC. Entries to the Invitation Class is totally at the discretion of the Organisers. No points will be awarded for the Invitation Class.

5.2.4 Examination Of Vehicles

The organisers (in addition to any other powers they may have under these Regulations) reserve the right before or after any race in the championship/series to designate any one or more of the competing cars for special eligibility scrutineering. Upon such election being made the competitor shall immediately place the car under the control of the organisers and be deemed to have permitted all such scrutineering, examination and testing as the organisers may responsibly require to undertake. The organisers have the right to:

- a. Examine the car at the circuit for such period as they may reasonably require and take fuel samples, and/or
- b. Retain the car for detailed examination at premises chosen by the Organisers. If the Organisers elect to retain the car they shall make it available for collection by the competitor at least seven days prior to the qualification session for the next race in the Championship unless the car is found to be in breach of these regulations, and/or
- c. Seal the car and its components in such a manner as they may choose and require the competitor at their own expense to present the car at any other premises chosen by the organisers for detailed examination within a specified period and /or remove the car by transporter at no expense to the competitor to an appointed location. The competitor will be advised in writing of the time, date and location of the subsequent testing or eligibility examination.

The overseen stripping of the engine or any required component will be undertaken by the competitor and /or mechanic/technician nominated by the competitor.

All costs of any stripping, examination and rebuild will be the responsibility of the competitor. This will include all the associated costs of championship or technical officials who are required to attend.

The organisers reserve the right to re-inspect vehicles at any time during the course of the season, should there have been a regulation infringement or circuit incident.

Competitors will be personally and solely responsible for ensuring that their cars comply with their registration details and with these regulations for each event at which they are entered. Failure to comply in either respect will be a breach of these regulations. Queries concerning eligibility should be referred in writing to the Championship Eligibility Scrutineer at least seven days prior to an event entered, to permit a ruling in advance of any meeting at which it is intended to compete.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

Tests to establish the power output of any car may be carried out by the Organisers or their representatives. Such power testing will be carried out using rolling dynamometer equipment.

The organisers reserve the right to require the fitment of a nominated championship data logger. All costs of purchase and installation will be the responsibility of the competitor. Race by race entrants may not have to fit a data logger.

5.3 Validity of the Homologation

Definition 1: All homologations for a model lapse when the FIA homologation ceases, i.e. 7 years after the production of that model ceases, that is to say 7 years after the annual production has fallen below 1 item.

Definitions 2 and 3: All homologations relating to one model lapse 7 years after the production of this model has been abandoned, that is to say 7 years after the annual production has fallen beneath 1 item.

5.4 Definitions - General Description

5.4.1 Grand Touring Car

A closed automobile that has no more than one door on each side, no more than four seats, is fully legal for road use and has been modified to ensure suitability for speed races on circuits or closed courses.

5.4.2 Production/Standard Specification

The manufacturer's specification of the base model of the car to be used for racing includes all devices, equipment, accessories or components of the car as they are fitted on the production model. Optional equipment and performance kits listed in the manufacturer's catalogue are not permitted.

5.4.3 Original

As fitted in all respects (whether as to shape, size, material, manner of construction or otherwise) with the manufacturer's accepted specification for the production car or item in respect of which the expression is used, accepted and recorded as necessary by the Championship Organisers. The current homologation documentation shall be used as evidence of original as defined by Article 257A.1.2 of Appendix J of the current FIA GT3 regulations.

5.4.4. Weight

GT3 and GT4: The homologated weight and any additional weight as required by the championship's equalisation bureau and/or the Organisers.

GTC and Invitation Class: The weight of the car with no driver and no fuel on board.

The average weight of the drivers in any car competing in the Intelligent Money British GT Championship must be 85kg. Should the average weight of the drivers in any specific car be less than 85kg, the car will be expected to carry Driver Ballast to compensate. The following procedure will be followed:

- i. Each drivers must declare his weight, including overalls, underwear, gloves, helmet and HANS
- ii. The average weight of the drivers in the car will be calculated and rounded up to the nearest integer (W)
- iii. If $W < 85$, then the Driver Ballast to be carried by the car will be $85 - W$

The Driver Ballast must be installed in the ballast box and sealed before qualifying.

The Driver Ballast, as well as the individual weight of the drivers in question, may be checked at any point during the event. Any anomalies will be reported to the Race Director. Penalties may go as far as cancellation of times in Qualifying or Exclusion from the race.

5.4.5 Bodywork

All entirely sprung parts of the car in contact with the external air stream, except the parts definitely associated with the mechanical functioning of the engine, transmission and running gear. Any air intake shall be considered to be part of the bodywork.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

5.4.6 Cockpit

The volume that accommodates the driver and the passenger, its limits are defined by the roof, the floor, the doors, the lateral parts, the glazed parts and the front and rear bulkheads. Note: Minimum Cockpit sizes must be relevant to the FIA regulations at the time of the car's original construction. The organisers reserve the right to accept Invitation Class cars which do not comply with this regulation

5.4.7 Wheel

Flange and rim. Complete wheel: Flange, rim and tyre.

5.4.8 Door

That part of the bodywork that opens to give access to the driver and passenger compartments.

5.4.9 Supercharging

Increasing the weight of the charge of the fuel/air mixture in the combustion chamber (over the weight induced by normal atmospheric pressure, ram effect and dynamic effects in the intake and/or exhaust system) by any means whatsoever. The injection of fuel under pressure is not considered to be supercharging

5.4.10 Sprung Suspension

The means whereby all complete wheels are suspended from the body/chassis unit by a spring medium.

5.4.11 Active Suspension

Any system which allows control of any part of the suspension or of the trim height when the car is moving.

5.4.12 Mechanical Components

All those necessary for the propulsion, suspension, steering and braking, as well as all accessories, whether moving or not, which are necessary for their normal working.

5.4.13 Telemetry

The transmission of data between a moving car and anyone connected with the entry of that car

5.4.14 Semi Automatic Gearbox

One which, when the driver calls for a gear change, takes over the control of one or more of the engine, clutch and gear selectors momentarily to enable the gear to be engaged.

5.4.15 Brake Calipers

All parts of the braking system outside the survival cell, other than brake discs, brake pads, calliper pistons, brake hoses, master cylinder and fittings, which are stressed when subjected to the braking pressure.

5.4.16 Location

A site defined relative to the original: axle centres, longitudinal and/or lateral centre line of vehicle, cockpit, luggage compartment and engine compartment. Location within an engine is a site relative to the crankcase and cylinder head.

5.4.17 Position

The site defined by dimensions from the original vehicle data e.g. axle centres and longitudinal and/or lateral centre line of vehicle.

5.4.18 Orientation

Is the relationship of the component to the longitudinal and/or lateral axis of the vehicle. If the component is turned 180° this will be regarded as a change in orientation.

5.5 Safety Requirements

At all times the safety of the driver is paramount.

The following equipment must comply with current/relevant Articles of the FIA International Sporting Code Appendix J with regards to:

Fire Extinguishers, Safety Harness, Master Switches, Towing Eyes, Seats, Head Rests, Firewalls, Rollover Structure,

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

Additional Fasteners, Rear View Mirrors – unless specifically approved by the Organisers

The following equipment is mandatory and must comply with current/relevant Articles of the FIA International Sporting Code Appendix L with regards to:

Helmets, HR Device and **flame-resistant** Clothing.

5.6 General Technical Requirements & Exceptions

5.6.1 GT3, GT4, GTC

Prospective competitors are encouraged to contact the Championship Organisers prior to preparing cars, as before a vehicle can be eligible to race in this Championship the specification of the base vehicle must be known and acceptable to the Organisers. The Organisers reserve the right at all times to refuse the entry of a car which, in their view, does not comply with the Technical Regulations, and further, to refuse the entry of a car whose design and construction does not comply with the spirit of a Grand Touring car prepared for racing. Competitors must make freely available for inspection by the organisers at any time a road registered model of the car to be raced complete and fully operational and suitable and legal for driving on the public highway. This must be a car other than the one to be raced.

The following Technical Regulations are set out in accordance with the Motorsport UK specified format. It should be clearly understood that if the following texts do not specifically permit modifications, of whatever nature, to the original car, competitors must work on the principle that modifications to the base model are NOT permitted.

Car eligibility and special cases are within the exclusive competence of the Organisers.

The car shall be designed for normal road use and must comply with the schedule of conditions according to European standards with no exceptional waiver.

Once presented to the Organisers for inclusion into the Championship, the vehicles dimensions (wheelbase, length, width, overhangs, doors, windscreen, cockpit, etc) and the body shape of the base model will be recorded by the Organisers and shall not be changed except as specified in these regulations.

The bodywork shall be neatly finished and fully cover all mechanical components with no potentially dangerous elements.

GT3 Nets must be as per the homologation.

Glass areas, windscreen and all lighting equipment must bear a homologation reference mark (GT3 and GTC Headlights must be clear whilst GT4 headlights must be yellow.)

Except modifications allowed by these regulations, the car must retain its standard appearance and condition. Modifications of these Regulations made on grounds of safety will be enforced immediately and without notice, and published in a Bulletin to all registered competitors, subject to Motorsport UK approval.

It is the duty of each competitor to satisfy the Scrutineers and the Race Director and/or the Stewards of the Meeting that his automobile complies with these regulations in their entirety at all times during an event. The Race Director and/or the Stewards of the Meeting may exclude a car, the construction of which is deemed to be dangerous.

5.7 Chassis

5.7.1 GT3

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

GTC

These cars must run in accordance with the technical dossier provided by the entrant and approved by the organisers.

Invitation Class

All cars in this class must comply with current FIA regulations for the class or be constructed as described on the technical dossier supplied by the entrant and approved by the Organisers.

5.8 Bodywork

5.8.1 GT3

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

In general all cars must retain the bodywork sizes as allowed in various one-make championships or as manufactured. Changes of bodywork, materials and sizes, or the addition of any bodywork and/ or aerodynamic elements

The organisers reserve the right to withdraw any such approvals at any time.

Invitation

The standard bodywork sizes and materials will be retained unless variations are approved by the Organisers.

5.9 Engines

5.9.1 GT3

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

Engine specification will be in accordance with the technical dossier provided by the entrant and approved by the organisers. The car shall remain at all times within the power / weight ratio described in these regulations.

5.9.2 All Cars - Electronic Engine Control Unit

It is not permitted to change the strength or form of any of the sensor signals to, or the outputs from, the unit(s).

The unit(s) may be interrogated by championship officials or their designated deputies at any time during an event. The diagnostic connector must be positioned to allow free access at all times.

Readings taken when the vehicle is first entered into the championship will be used as the base and compared to any future readings. Variations from this base are forbidden without the written permission of the championship eligibility scrutineer.

5.9.3 Provision must be made for the attachment of wire seals in positions that: -

- Are clearly visible to the technical officials when the engine cover is open without the need for any further stripping of component(s).
- Restrict the removal of the cylinder head(s) and sump cover from the main engine body without them being broken.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

These seals may be positioned at any time during the championship and cannot be broken without the written permission of the championship eligibility scrutineer or their designated deputy.

Whenever this permission is requested the championship reserves the right to witness the stripping and examine the components for compliance with the championship regulations.

5.10 Exhaust System & Silencing

At all times throughout a competition ALL cars must respect a noise limit of 108db (A) at ¾ of maximum RPM if this is less. This measurement will be taken at a distance of 0.5 metres from the exhaust outlet level at an angle of 45° with the exhaust axis. In all other ways the examination will be performed in accordance with Motorsport UK Regulations [J 5.17] & [J 5.18].

Non homologated exhaust/silencing components can be fitted to ensure compliance with the noise limit of 108db (A). These non homologated components must be approved by the Championship Eligibility Scrutineer.

The exhaust system must not be provisional. Exhaust gas may only exit at the end of the system. Parts of the chassis must not be used to evacuate exhaust gases.

If a vehicle type has a problem complying with the championship noise regulations teams may formally propose to change components homologated for use as part of the cars exhaust system for other parts. This will always be subject to acceptance by the championship eligibility scrutineer. If accepted these parts must be available to all other teams in the championship, with the same car model, at cost price.

5.11 Suspension

5.11.1 GT3

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

Damping law is according to the homologation forms prior to the 2013 freedom. For cars homologated in 2014, the damping law must be deposited with the Committee of the Series before the first official test session.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

Suspension specification will be in accordance with the technical dossier provided by the entrant and approved by the organisers. In all cases the suspension pick up points must remain in the same location and be fitted with standard parts except where changes are approved by the organisers.

5.12 Transmission

5.12.1 GT3

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

Transmission specification will be in accordance with the technical dossier provided by the entrant and approved by the organisers. In all cases the transmission pick up points must remain in the same location and be fitted with standard parts except where changes are approved by the organisers.

5.12.2 Provision must be made for the attachment of wire seals in positions that: -

- Are clearly visible to the technical officials when the car is raised in the air without the need for any extensive stripping of component(s).

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

- Restrict access to the internal components without them being broken.

These seals may be positioned at any time during the championship and cannot be broken without the written permission of the championship eligibility scrutineer or their designated deputy.

Whenever this permission is requested the championship reserves the right to witness the stripping and examine the components for compliance with the championship regulations.

5.13 Electrics

5.13.1 GT3

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

The electrical specification will be in accordance with the technical dossier provided by the entrant and approved by the organisers. The electrical systems must comply with Motorsport UK regulations

5.13.2 Telemetry

The use of telemetry in GT3 cars is permitted from car to pit only. The use of telemetry in GT4 is forbidden

5.13.3 All Cars

A starter must be fitted and be in working order at all times during an event. The driver must also be able to operate the starter when seated normally.

5.14 Brakes

GT3

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

Brake specification will be in accordance with the technical dossier provided by the entrant and approved by the organisers. All braking systems must comply with Motorsport UK regulations.

5.15 Wheels & Steering

5.15.1 GT3

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

These cars must run in accordance with the technical dossier provided by the entrant and approved by the organisers.

5.15.2 Pressure Control Valves – All Cars

Pressure control valves on the wheels are forbidden.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

5.16 Pneumatic Jacks

Pneumatic jacks may be fitted to the car, but compressed air bottles are not to be carried on board.

5.17 Tyres

- 5.17.1 The Designated tyre supplier shall supply all tyres. Tyres produced by other manufacturers shall not be permitted unless approved by the organisers at their absolute discretion.

Only tyres from Pirelli, approved and registered by the Promoter and sold at a British GT event, will be accepted. Tyres must be ordered by the deadlines set by Pirelli, and paid for in advance, failing which tyres may not be supplied.

The maximum number of tyres to be nominated for and used by each car entered during each event is as follows:

- A total of 5 sets for GT3 or 4 for GT4 the first meeting entered all of which may be new
- A total of 5 sets for GT3 or 4 for GT4 for each subsequent meeting (a total of 6 sets for GT3 or 5 for GT4 permitted for a 3 Hour Race). Within these totals, at least one set must have been nominated at a previous British GT event from that car subject to the tyre manufacturer's agreement that the condition and type is acceptable.

Penalty for non-compliance – Competitor will start the race or subsequent race from the back of the grid and may be fined up to £5,000

Four additional Joker tyres per car will be permitted per season. These will only be available as replacements for tyres nominated for the event and damaged beyond use. This must be agreed with the Championship Eligibility Scrutineer before they are used. Application for Joker tyres should be made in writing.

- 5.17.2 The unique reference numbers/barcode on the nominated tyres for each car will be recorded either by tyre marking, on a championship form or by electronic means in the tyre supplier's work area by the Eligibility Scrutineer or his nominated representative. The onus is on the Entrant to ensure that all nominated tyres have been recorded in accordance with the championship issued procedure. All slick tyres for the event must be nominated 30 minutes prior to the start of the events first session on track.

The tyres nominated for an event can be used in any combination provided that there is compliance with all other championship regulations and relevant technical forms

Tyres must only be used in the standard condition as supplied by the manufacturer. Teams are highly recommended to adhere to the limits detailed in the technical booklet issued by Pirelli and received from the Promoter before the first official Event, as well as to any other Technical Bulletins received during the season. Any failure to do so may be penalised by the Race Director.

The application of any material (liquid, solid or gas) to any part(s) of the tyre is forbidden. The only exceptions are the use of domestic water / detergents for cleaning purposes and lubricants applied to the tyre bead for fitting purposes.

Tyres can be heated prior to use. The use of heating cupboards for pre-heating the tyres is authorised on the following conditions:

1. The volume must not exceed 12 m³ and must fit within the Team's allocated area in the paddock.
2. No part of the cupboard can be situated inside the pit garage, on the pit lane or on the grid. Unless the team is not located in the pit garages, then suitable locations, power sources and access routes must be provided and approved by the Race Director, in order to allow all Teams to reach their tyre cupboards during the entire duration of the event.
3. There must only be one system for heating the interior of the cupboard. It must be a forced air system and must run on fuel oil, electricity or gas. The cupboard must be made from non-flammable materials. Other tyre heating devices/blankets remain forbidden. The heat of the sun excepted.
4. The transportation of tyres must be carried out without thermal protection.

The Organisers reserve the right to take samples of the tyre material at any time for laboratory analysis

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

5.17.3 **Wet Tyres**

Tyres supplied specifically for use in wet weather will not be subject to this number limiting regulation (no intermediate tyres will be available/supplied and their use is forbidden). It is not permitted to use tyres supplied specifically for use in wet weather on dry tracks during official timed sessions. For the avoidance of doubt any official track session deemed to be “wet” in the sole opinion of the Race Director will be indicated to competitors by the display of a “Wet” board at the Pit Lane exit or by being displayed on the timing display screens.

5.18 **Weight Limit (Minimum)**

5.18.1 **GT3**

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

The weight of the car shall not be less than 600kg without the driver or fuel – subject to the approval of the organisers.

5.19 **Handicap System**

5.19.1 **Ballast**

Provision shall be made to secure ballast, such that tools are required for its removal and to allow the fixing of seals by scrutineers and must comply with drawing 257A-1 of the current FIA GT3 Technical Regulations. The handicap weights shall be positioned on the floor of the passenger side and located by the same fixing points as for the passenger seat. Variation from this will be subject to the discretion and written consent of the Championship Eligibility Scrutineer.

The weight of any frame and fasteners that are used to utilise the seat mounting points for this purpose may be included as part of the ballast weight but must not exceed 10Kg without the written permission of the championship Eligibility Scrutineer.

5.19.2 **Adding Weight During An Event**

The adding to the car during the race of any solid material whatsoever or the replacement during the event of any part of the car with another that is materially heavier is forbidden.

5.19.3 **Liquids**

The weight may be checked at any time during the event with the quantity of liquids remaining in the tanks or may be empty of all fuel. All other liquid levels will be as per the amount in the car when it finished the previous session.

5.20 **Fuel Tanks**

5.20.1 **GT3**

These cars will normally run to the current FIA GT3 Technical Regulations and their current respective technical forms but deviations from these may be accepted at the organiser discretion.

GT4

These cars will normally run to SRO GT4 technical regulations and their current respective technical forms.

GTC

As an alternative to the FIA homologated tank, cars may use the standard manufacturers item in the original position with no modifications except the fitting of an FIA coupling. Acceptance of these parts will be by approval of the championship eligibility scrutineer

Invitation Cars

Fuel tanks are to have a valid current FIA homologation.

2020 Intelligent Money British GT Championship Regulations

Issued by the BRSCC: 19th March 2020

Version: Published Copy

A list of approved manufacturers is available from the FIA.

5.21 Fuel

5.21.1 GT3, GT4, GTC and Invitation Class

The sole supplier of fuel allowed in the Championship is the designated fuel supplier.

The specification of this unleaded fuel will be available from the championship organisers but will be in accordance with FIA International Sporting Code Appendix J regulations.

Competitors must use the specification of fuel detailed. It is not permitted to mix the fuel or adjust the specification supplied in any way. The onus will be on the Competitor to ensure that there are no residual traces of non-approved fuels remaining in tanks/fuel systems at an event.

The use of this control fuel is mandatory during all event practice, qualifying sessions and races. The supplier will hold an identifying sample of the fuel and the Organisers reserve the right to take fuel samples from competitors' race cars at any time before, during or after practice, qualifying or racing, to be analysed for conformity with this identifying sample. As the control fuel tests will be carried out at the race meeting on the day of the sampling, the procedures as outlined in the Motorsport UK Regulation [D 34] is superseded by these regulations. Should tests prove that the fuel sampled is not that specified for the Championship, then the competitor will be deemed to be in breach of the Championship Technical Regulations and be penalised accordingly. (Motorsport UK Regulations [C 3.5.1 (c)]).

5.21.2 Fuel Testing

Fuel testing will be carried out in accordance with Motorsport UK Regulation [D 34].

It is the responsibility of the competitor to ensure the fuel system is thoroughly cleaned after any use of fuel, which is other than the Championship fuel as specified above, in advance of an event.

To facilitate the fuel sampling operation, each car MUST be fitted with a self-sealing connector, as detailed below, and the team must supply a drain tube. When a sample is taken, at least 100ml of fuel will be drained prior to the sample to ensure that the tube is flushed.

At the end of all track sessions the car must contain at least 1 Kg of fuel for the taking of samples. The fuel must be taken in parc fermé through an FIA approved self-sealing connector as detailed below.

The sample taking must be done prior to any check requiring the engine to be started.

The sample weight must be achieved whatever the ambient temperature or atmospheric pressure that exist on the day.

5.21.3 Fuel Fittings & Piping

Any breather pipe connecting the tank to atmosphere must exit on the outside of the bodywork, must be fitted with a non return valve and must be designed in such a way as to avoid any liquid leakage when the car is in any position.

All cars must be fitted with a self-sealing connector, which can be used by the scrutineers to obtain fuel samples. This connector must be a type approved by FIA, listed on their relevant technical list and must be fitted immediately before the injectors.

5.21.4 Fuel Capacity

The maximum amount of fuel, which may be carried on board is as per each cars homologation form or in the case of cars entered in the GTC and Invitation Classes 100 Litres.

Any device, system, procedure, construction or design, the purpose and/or effect of which is to increase, even temporarily, the total fuel storage capacity beyond the maximums permitted is forbidden.

5.22 Competition Numbers & Championship Decals

- 5.22.1 All Championship decals must be carried as requested by the Organisers. Details of these will be listed in the Graphical Charter to the competitors before the first event of the Championship.
- 5.22.2 The sun strip area of the front screen plus any other areas specified must be retained for the exclusive use of the Organisers. In addition SRO's web site address may be displayed in two positions on each car as designated by the Organisers.
- 5.22.3 All competitors will be supplied with competition numbers (at least 23cm high and with a stroke at least 3.8cm wide) and suitable number panels. No triple digit race numbers are allowed. The number panels may not be reduced in size or altered in any way without the prior permission of the Organisers.
- 5.22.4 The number panels (approximate size 50cm wide x 45cm high) must be displayed on the front bonnet of the car and both side doors.
- 5.22.5 Additional competition numbers will be supplied and must be displayed on the windscreen in a position immediately below the championship sun strip and the opposite side of the windscreen to the drivers position. These must be clearly visible and legible to the safety car observer when the car is travelling immediately behind the safety car.
- 5.22.6 Drivers Race Suits
To be eligible to claim points, awards and any Bonus Awards/tyre allocation, drivers must carry the relevant Championship patches on their race suits or other patches as specified by the Championship Coordinator
