

# **IN MEMORY OF SHAWN RAYNER 1965- 2017**

**Shawn loved his motorsport, particularly rallying.**

**Driving was his passion, and the enjoyment he got piloting his rapid Pinto powered MK2 Ford Escort was matched by his smile.**

**Shawn was notably the life and soul in the paddock and service areas and he would always be there to offer help to any fellow competitor in need, without hesitation.**

**Throughout his motorsport exploits and achievements, Shawn approvingly had his Escort powered and engineered by  
HT Racing & Vulcan Engineering.**
