

Social Media Policy

V1 – 12th December 2023

Introduction

The British Racing & Sports Car Club (BRSCC) recognises that social media is an important tool for all club members to engage with each other and the club.

The BRSCC encourages club members to use social media and other channels to promote themselves, the club, the club's events and the sport.

The BRSCC provides a service to all members by actively utilising Facebook, Instagram, LinkedIn, TikTok, X (Formerly Twitter) and YouTube as well as websites to promote its work and activities.

The organisation is committed to providing a safe, fair and fun online space for BRSCC members. This includes safeguarding the welfare of young people who engage with the organisation on any social media and websites used by the BRSCC.

The BRSCC recognises that this policy can be continuously developed and will review this document again by 12th December 2025 or after the outcome of any serious issue or incident as a result of the use of social media sites by the BRSCC community.

To complement this policy, Motorsport UK has produced a Social Media Guidance document to provide the community with further information on how to engage appropriately online.

The Policy outlines:

- The social media channels managed by BRSCC members
- How the BRSCC manages its social media channels and who is responsible
- The principles that the BRSCC follow in monitoring all channels
- Reporting procedures to follow if any abusive or illegal content or activity has been identified by BRSCC members, Motorsport UK or community members

Our team closely moderates our online community across all digital platforms and ensure the interaction and engagement on our social media channels are in line with our policy.

This policy is endorsed by the BRSCC Board of Directors and it has regulatory status.
