

CHAMPIONSHIP BULLETIN 2024
Regulations Amendments & Clarification

AIRTEC MOTORSPORT BRSCC FIESTA ST240 CHAMPIONSHIP

Bulletin Number: 01
Date of Implementation: 14 August 2024
Championship Permit No: CH2024/R056

The following amendments to the Championship Regulations are of immediate effect pursuant to the permission of Motorsport UK applying NCR A.2.4 exempting the Organisers from the requirement to obtain the consent of Competitors under NCRs D.11.1.1 and 11.2. All additions are underlined and in red text. Where appropriate, deletions are shown by strikethrough.

Amendment to Article 5.13

5.13 TYRES

Goodyear control tyres identified by individual coding and logo.

Tyre warmers are not allowed. The organisers reserve the right to introduce a different control tyre in the following season year.

The control tyre supplier is:

Mr Tyre (Motorsport) Ltd
Unit 1 Apex Centre
Lovell
Tamworth
B79 7TA
Tel: 01827 211021

The use of alternative tyres, compounds or chemicals/materials to alter tyre characteristics are prohibited.

- 5.13.1 It shall be the sole responsibility of the competitor to judge whether the track is wet enough to justify the use of wet weather tyres. Competitors may use either wet tyre specified below. Wet tyres must be of the same specification across each axle.

Mk 7 ST240	Slick Wet <u>New Specification Wet</u>	205/620R17 Slick TC 01C3 205/620R17 GY CR9000 TC 01W4 <u>205/620R17 GY WET-L TC 02W3 (left)</u> <u>205/620R17 GY WET-R TC 02W3 (right)</u>
-------------------	--	---

Reason(s):

The Organisers have recently been made aware of a supply issue with the current specification championship control WET tyre, this being the Goodyear 200/620R17 GY CR9000 TC 01W4. The manufacturer (through their supplier Mr Tyre Motorsport) has confirmed that stocks of the current tyre have now been depleted, and that the current tyre will be immediately superseded by a new product, this being a Left and Right Handed Moulded Wet Tyre: Goodyear 205/620R17 GY WET-L TC 02W3 / 205/620R17 GY WET-R TC 02W3.

Due to the different compound between the specification tyres, the supplier has agreed that any competitor with unused and unfitted GY CR9000 TC 01W4 tyres may exchange them for the replacement new specification tyres at no cost.

This Championship Bulletin is Issued as an Official Document (2024 NCR D.8) pursuant to NCR D.11.2 and is effective from the date of implementation above.
