

A43 ROADWORKS INFORMATION

FEBRUARY 2025

A43 ROADWORKS - SECTION BETWEEN SILVERSTONE AND TOWCESTER

There are ongoing roadworks on the A43 between Silverstone and Towcester. These works are part of the Towcester Relief Road project and are expected to continue until Spring 2026.

A section of the A43 (shown in map above) is currently running with a temporary traffic arrangement on the northbound carriageway to allow for the construction of a new roundabout, reducing traffic to one lane in each direction. This is expected to remain in place until early May 2025.

There are delays of around 30 minutes at peak times. We advise our visitors to plan their journey and allow additional time if travelling early morning and/or early evening.

Please respect our local communities and drive considerately in the immediate vicinity of the circuit.
