

CITYCAR CUP – MANDATORY ECU MAP

As part of the process of equalising car performance throughout the grid, a mandatory CityCar Cup ECU map has been created, and this must be installed in all cars ahead of the first race that the car is taking part.

The mandatory map can only be installed by:

HYBRID TUNE

Renvale Technology Park

Eye Road

Brome

Suffolk

IP23 8AS

Tel: 01379 770091

Email: sales@hybridtune.co.uk

Cost for the new map to be installed onto the ECU of Gen1 cars is £100 + VAT (£120 inc. VAT) per car.

Cost for the new map to be installed onto the ECU of Gen2 cars is £145 + VAT (£174 inc. VAT) per car.

How to have your mandatory map installed:

Remove your ECU and securely wrap / box it up, include inside the packaging your name, telephone contact number, email address and your return postal address.

Post it by tracked courier to Hybrid Tune at the above address.

Once your ECU has had the control map installed, you will be contacted by Hybrid Tune for payment. There will be an additional cost for return postage.

PLEASE NOTE: Due to the age and past usage of ECU's, Hybrid Tune can accept no responsibility for damage or failure of any part.
