

CHAMPIONSHIP BULLETIN 2025
Regulations Amendments & Clarification

GINETTA GT CHAMPIONSHIP

Bulletin Number: 01
Date of Implementation: 21 August 2025
Championship Permit No: CH2025/R056

The following amendments to the Championship Regulations are of immediate effect pursuant to the ASN applying NCR Ch.1 Art.1.4 exempting the Organisers from the requirement to obtain the consent of Competitors under NCR Ch.3 App.10 Art.4.2. All additions are underlined and in red text. Where appropriate, deletions are shown by strikethrough.

This Championship Bulletin is Issued as an Official Document (2025 NCR Ch.3 App.10) pursuant to authority of the ASN under 2025 NCR Ch.1 Art.1.4 and is effective immediately.

Amendment to Article 5.15.30:

5.15.30 It is ~~not~~ permitted to remove debris / rubber pick-up from the tyre surface by the use of a tool and / or heat gun.

Reason(s):

The Championship uses Slick Tyres which pick up debris and rubber pick-up post session when the vehicles travel back from the track and through the paddock to their Parc Ferme/Paddock locations, often across surfaces that are not regularly swept clean. It has been identified that the current regulations result in competitors starting the next session with tyres that have significant debris attached to the tyre surface. For reasons of safety, it is considered necessary to allow the use of a tool heat gun remove debris / rubber pick-up from the tyre surface to ensure tyres are in good condition prior to the start of a session.
