OULTON PARK – SATURDAY OVERNIGHT STAYS

Dear Competitors,

We're pleased to share some positive news following recent feedback from our members.

After working closely with Oulton Park, we have successfully arranged for competitors to stay overnight on Saturday following the conclusion of racing. This is something that has not previously been permitted at the venue, and we're pleased to have been able to make it possible by listening to your feedback and working collaboratively with the circuit.

For those who wish to stay overnight, please ensure the following conditions are observed:

- The main paddock area must be vacated by 8:00pm after racing has concluded.
- All camping setups, race trucks, trailers, motorhomes etc. must be relocated to the designated areas, which are clearly marked in yellow on the map provided below.
- Any instructions given by circuit staff or overnight security must be followed at all times.
- Noise must be kept to a minimum to avoid disturbing the local neighbourhood.
- We ask that all competitors act respectfully and appropriately throughout their stay.

This arrangement has been introduced to provide greater convenience for competitors and to support those who may benefit from remaining on site after Saturday's racing. We ask that everyone adheres to the conditions to ensure this remains a workable option going forward.

Please refer to the map below for the designated overnight camping areas.

Thank you for your cooperation in helping us deliver this added flexibility at Oulton Park.

Yours sincerely,

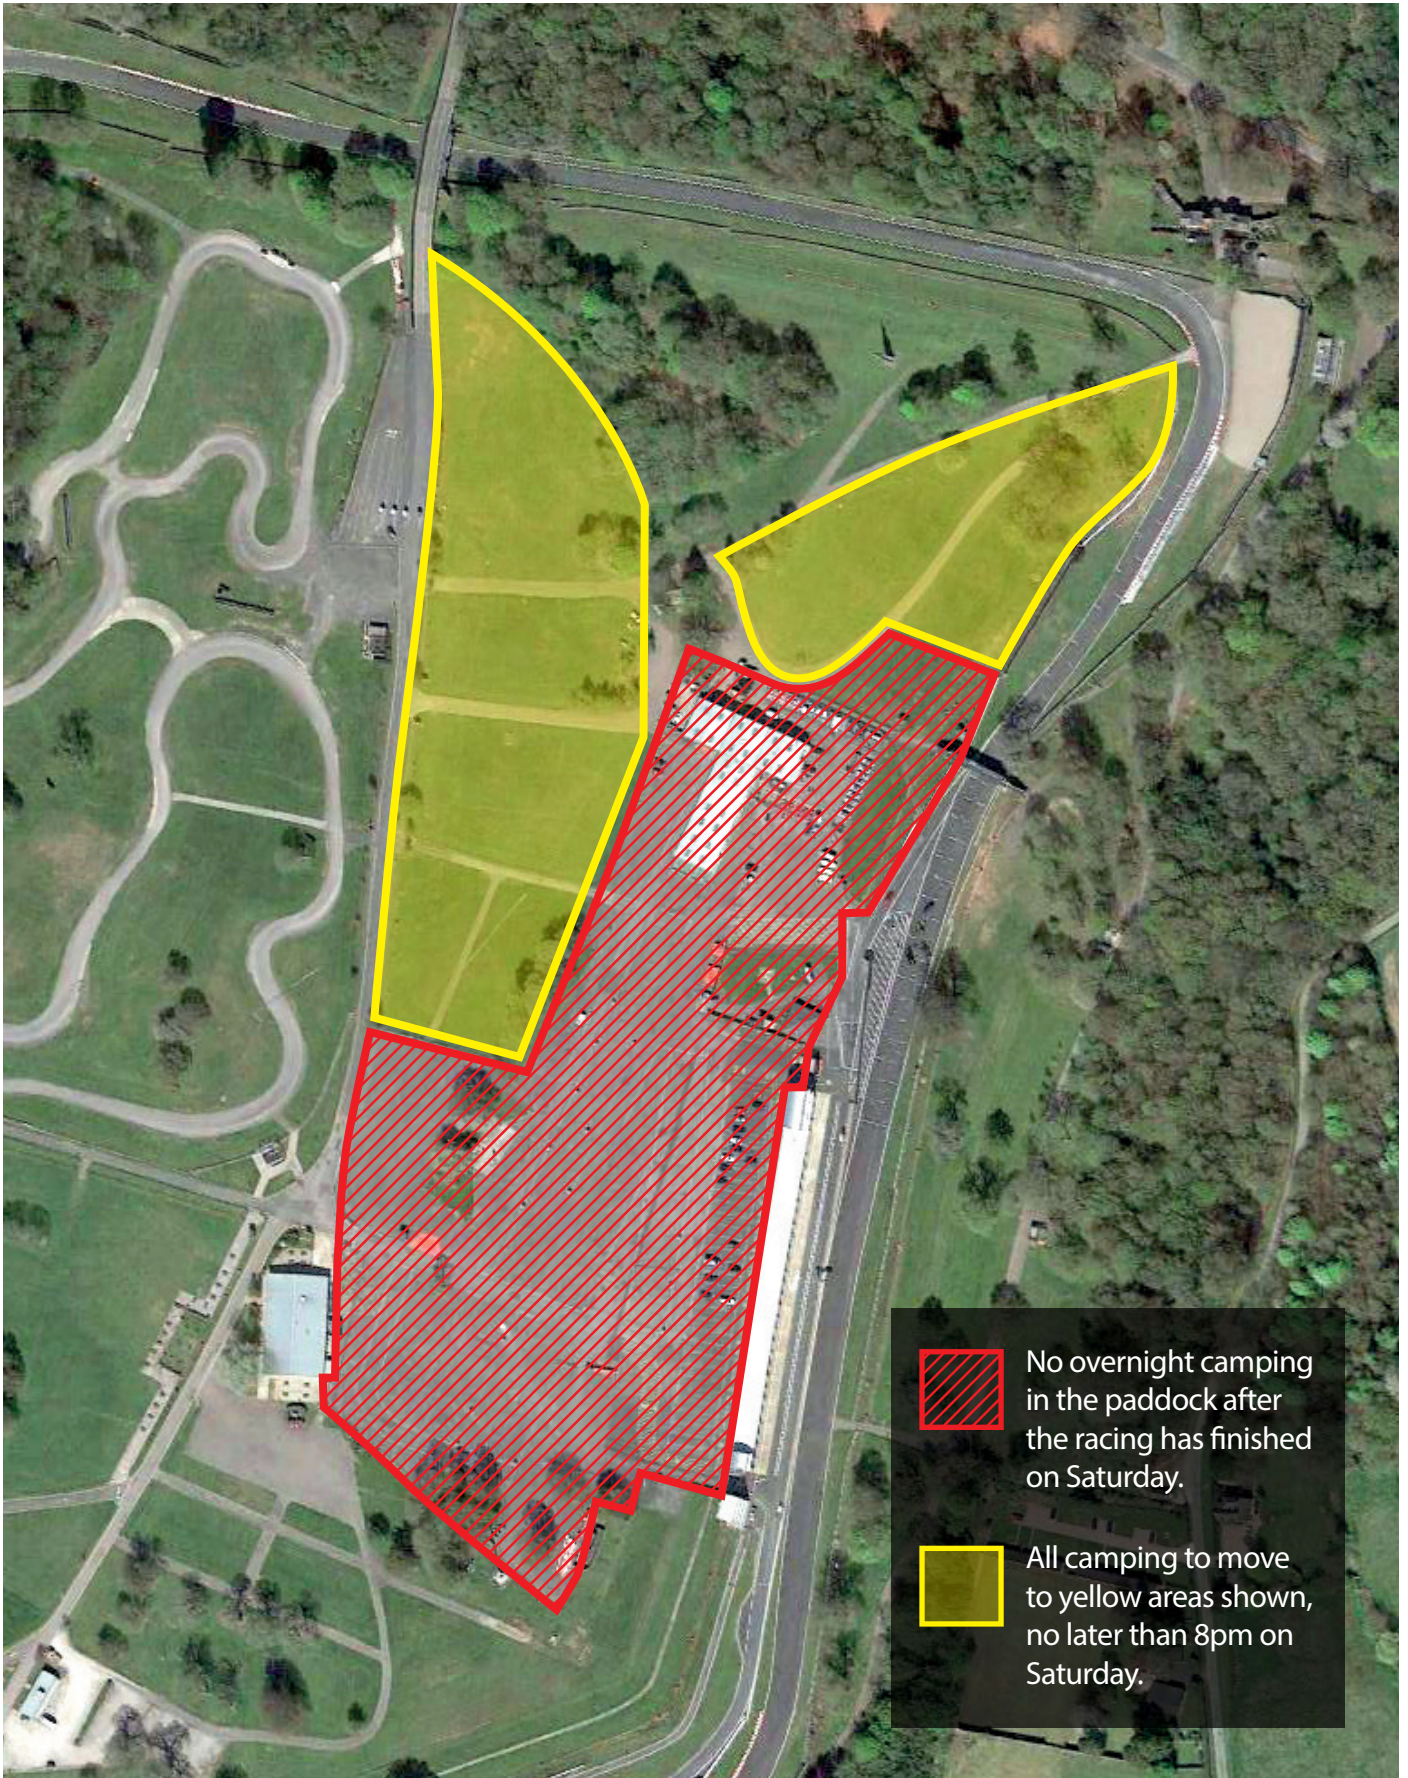

Luke Souch
Head of Club Operations
